This diary is to show my works and what I did from the time I left home on December 6<sup>th</sup> 1909, to fill a mission for the Church of Jesus Christ of latter Day Saints.

On December 6<sup>th</sup> 1909 I left Cardston at 2.20 P.M. for Utah. When I left home I intended to go to the Western States but was changed. Bro Cowley went with me. We stayed in Sterling Alta that night. Traveled all day. Stayed in Great Falls all night. Traveled all next day and stayed in Butte Mont. nearly all night. Traveled all the next day. Met Apostle M<sup>r</sup> Cowley at Ogden with his wife. Bro Cowley asked if I would like to go to Hawaiian Islands I said yes he had me transferred. He then talked Bro Moses Cowley into the notion of coming with me. Landed in Salt Lake at 5.30. I was asked by Bro. Cowley to stay at his place until we left for the Islands.

I met Bro M<sup>r</sup> Master and he readily responded to going out to the Islands. I stayed in Salt Lake a few days then struck out up Cache Valley to find Ralph and Rutta. I went to Preston and then I went

over to Lewiston by sleigh. I stayed there a few days then Wan Talbot took me over to Weston where took a train for Pocatello. I flagged a local which landed me at Pocatello about 4. Went down 3 east instead of 4<sup>th</sup> and was taken after by a dog. I went to H & East then a friend Rose's place. I then gave Ralph and Retta my heartiest congratulations and ended the travels of one other day. M<sup>r</sup> came in about 2.30 a.m. and woke me up.

I then stayed in Pocatello for several days Ralph and I took in the town. I gave him an overcoat I had bought at home. I had got me a new one in Salt Lake. H & Retta Rose & I went to a theatre nearly every night M<sup>r</sup> would go when he was home. Ralph and I went over to Clara Hansen's and seen them. We also met Uncle Will Ellis he asked us up but never went. Ralph got hustled and I had to lend him money to go home on. Wall brought our Christmas presents and made preparations for celebrating Christmas. Rose and Retta cooked and washed for these days.

One night Mr. Ralph and myself went up town noising around and run on to some Christmas-trees and purchased one to satisfy the children. We took it home and put it in the coal-house and fixed it the next day while the children were off to a Christmas party at the meeting house.

Betty Rose and the children went to the celebration while Ralph Mr. and I stayed home and prepared the things for Christmas. Rose had promised the little girls they could go up to Mrs. Whitakers some night. So Louise left the party came home while I was asleep and took her top and Willis's wagon and went up to Whitakers on 13 E St. When the party was over Rose couldn't find Louise she thought she had been kidnapped or got lost and it was mighty cold I will tell you. I was going over to see if they were coming home that night and on my way met Rose and all the rest of them nearly frantic over the disappearance of Louise. I went to White's drug store and phoned up to Whitakers and was told that Louise was there. Rose told Mrs. Whitaker to keep her there all night. We went home and started to make preparations for the big

feed on the 26. We postponed our dinner on account of M<sup>r</sup>. being out on the road. It was 6.30 when we got home and things in shape to proceed with our work. As it happened M<sup>c</sup> didn't go that trip so he and Ralph took a chase up town and never got back until quite late.

The next day the 26 we had our Christmas dinner. It was certainly sweet Rose and M<sup>r</sup>. surely treated us fine. Ralph M<sup>c</sup> and I went up town while Rose and Petta made a clean up in the house. We all went to the theatre which ended our Christmas on a high for a little. Port wine we had left which we topped with cake.

Dec 27th. 1909. We had a good breakfast then went up to the Y.M.C.A. and played pool for a couple of hours this was the last game I played. We went to the theatre again that night had lunch after we got home.

Dec 28th 1909. Ralph and Petta packed up their things to go to Canada. Rose decided to let Lola go with them we spent a good day and took the things up to the train and came nearly being to late. We got the tickets but couldn't find the baggage man. We just got the trunk 1. as the train started Ralph & Petta got on on

the more I shook hands with Ralph but didn't get to  
Rette they got off alright only forgot their lunch  
and Ralph wasn't very well supplied with money.  
Rose and I went home and read novels until quite  
late that night.

Dec 28 1909 I stayed around the house nearly all  
day and helped Rose. I went to the theatre at  
night.

that day. went up town and hummed around town  
came home and read novels Mr. C went out and came  
back next day. Rose and I continued to read our  
novels I bought six for her.

like all hell being turned loose. Whistle ~~and~~  
powder and all kind of noises on the great  
occasion. We got up and started to make  
preparations for New Year's dinner. Mr.  
Came in early and he and I ransacked  
the town for some sweet potatoes we got  
some at an Italian's store we then went

home and helped Rose get dinner ready after it was all over it was a good one we had a good talk then went up to Mrs Victoria's Spiritual Meeting. She went into her trance and began talking about all sorts of things M<sup>c</sup> got rather nervous she told us all some very good thing although they cost us a quarter each. we went home and ended our New Year's day. M<sup>c</sup> left in the night some time. I went to a dance on Jan 1 and to the meeting Jan 2.

Jan 8 1910. We went to the spiritual meeting and had some very good advice given me. Visited with Clara and good read to go to Salt Lake. M<sup>c</sup> left in the night for a trip on the R.R., I went back to Mrs Victoria's and she told me some very good advice which were useful. I left Pocatello for Salt Lake at 2 15 and went to Dayton and then to Lewiston where I stayed until the tenth. I had a good time and was treated well. We left Vancouver at 1.30 on the Steamer Moa ni for Honolulu. Our journey as far as Victoria was very pleasant. the bay was smooth but the weather rather cold. We got off the boat at Victoria and went up town and seen what there was to see. We left Victoria at 9.45 for an ocean voyage of eight days. Went to bed about 11.30 and slept alright until about 2 A.M. when we all began to look for seasickness. I was only sick about 30 minutes but I was sure sick I didn't throw up so I went back to bed. The sea was very rough.

We were all up running around to try to feel better. We were being thrown around and bumped from one side to the other. I met Bro Lowrey in the saloon he said to me; My God Earl I am awful sick.

Jan 29 The sea was very rough it was storming to beat fury. I took breakfast in bed. I got up about eleven and when I got on deck I was met by a big wave that made me crawl the supports. I went back to bed and stayed there. I took both my other meals in bed.

Jan 30. The sea was still rough. I took breakfast in bed got up once or twice but soon went back to bed each time. I had such a bursting headache.

Jan 31 I felt quite bad all day I got up for a few hours but I took all my meals in bed. The sea began to calm a little and so that made me feel a little better.

Feb 1 I felt pretty good I got up and stayed up all day. I took my meals out of the Dining room. I sat up on deck all day and watched the old sea robb. I also saw the officers take observation to tell how far we were out from land. I took to my bed quite early as I could get supper in bed.

Feb 2. I felt pretty good most of the day the sea was rough at night and in the morning but about toward morning she got smoother and by the afternoon she was quite smooth. I watched some of the passengers play a <sup>10</sup>rockquet game.

Feb 3 I felt pretty good took my meals in the dining room. I was able to play the game myself. Some of the E Idles and myself played for an hour or two. I watched Bro M<sup>r</sup> & Lowley playing a game of cards called Beezus with some other passengers.

Feb 4. I felt very good only I still had a little of that miserable head ache left. We went <sup>out</sup> prying around the ship as the sea was smooth. We watched the fire or disaster exercises. One old man when he heard the whistle blow out at mid-ocean he came running up with his overcoat nearly scared out of his wits. and wanted to know if we were wrecked. I also put in a few hours on the game again.

Feb. 5. The sea was beautiful just like a mill pond. About 12 o'clock we passed a boat the first thing with any kind of life in or on we had seen for eight days. I was out the first to see it. and gave the alarm then they all rushed out to see the ship. It was a peach we watched the

thing go out of sight over the horizon it is the tip of the mast was all that could be seen. and for that reason I tried the experiment and know the world is round. After dinner a short time we came in sight of the Island then I was a happy chick. The first Island we saw was Molokai then Oahu. We then packed our duds together brushed up a little and watched for the wharf. At about four o'clock we went out in the harbor by the Government Inspector and doctor he lined us up, took a good look and let us go. I was asked if I was an American I said yes and they let me go. I was might glad because I only had five dollars and the saw my and fifty. We met at the wharf by E. L. Coles and Ruche they took us up to the mission house and there we met E. L. Miner, Jeffries and Amason. I went to Priesthood meeting where I heard the first Hawaiian

Then I went to Meeting where I was given a chance to speak. I wasn't prepared but it didn't scare me. They made us fast and we nearly

stayed on account of going so much without food. Bro Jones and I went down to a Pahe shop and got some bananae a couple of the girls saw us and began laughing at us. I went to Night Meeting and had another little speech to make.

a nickel. We told him to take us to the Mormon Elders and we would give him the money. he took us there alright Bro. Flowers gave him ten cents and he went away rejoicing. The Elders received us kindly took us to our ~~room~~ room then they took us to supper that was my first Haw Meal.

After night meeting Bro Allen and I started home together when we got to a corner Bro Allen wanted me to go with him and some girls down the road I refused and fortunately enough for C. C. June 10 1910. Visited saint in the Aleamoi branch. Stayed at Koola's nearly all day. Studied Hawaiian and read a story.

June 11. Visited saints. one woman was lying down and wouldn't get up to see us so we peeled out and lifted her. We went for a walk went through a starch mill and was shown all the different processes

the starch was taken through. Bro Clark and I went in for a bath in a small hole near the mill. Meantime there was a Portuguese girl taking observation of our forms, <sup>from</sup> up the creek. I just got my garments on when she came down I jumped into my trousers and shirt to hide my underclothes. She was about sixteen years old and she made all kinds of eyes at me. All these days we had been living on two meals a day. All the people went off to Pauwan for a woman who had died that morning. so Bro Clark and I we left alone that night.

June 12. I acted, Out my lip twice when I was sharing, went to S.S. and then to meeting. I made my first speech in Hawaiian. I had the whole audience gaping with their mouths wide open. At Hio Pio the people were so sleepy after the night's 'Pauwan' that I got totally disgusted with them, went home and had Breakfast supper and dinner combined.

June 13 Rained very hard so we were requested to stay in the house nearly all day. Went to Papeaikon and got some papers. There was a feast given in honor of a Keeki's birth day we Bro Clark and I attended. I burned

my mouth and lips very badly with a 'riol' I left the table but soon resumed my seat. I took to the burning out my rubbing waist on my legs. I had a long talk with Bro Clark on government and on White Slave traffic. He would make no excuses in any circumstance for a girl who had fallen but I could.

June 14. Stayed at Keola's all day and studied. Walked over to Papailan for mail. Had an argument over whether Church officials received any pay or salary for their labors. Learned of few sentences in H. C. W. Bro Clark got vexed.

June 15. I got up packed my paiki to go to Honolulu. All the stages were full until the last one to which in which myself and companion managed to take in. We arrived at Honolulu 4 P.M. ate supper. studied a little time. then we and W. Kahanui began again to argue about science. Our topics were Whales, balloons, and air ships. Bro Clark said one man went forty seven mile in the air I said I didn't believe that any one ever went that high. We chewed the fat until 11 P.M. then went to bed. I dreamed I married a girl who I didn't like and was awful thankful that it was only a dream.

June 16, 1910. We were over with breakfast and read to go visiting when we received word of the death Elizabeth Napoleon. Bro Clark and I went to Hilo by stage and I with David Kalani. The saddest affair I ever witnessed. The sweetest child in Haw. had passed away and the father and Mother were almost hysteric. Sick three days and died. The cause was thought to be appendicitis. Many friends gathered the mother out at the door, and almost fanatic told us of the death. We talked to her but of no avail. She waited and one night. I felt very sad, for I had just fallen in love with the little girl. I at very little supper and spent a very restless night.

June 18, 1910. I made my toilet and went to the residence of Sister Napoleon where a short but impressive service was held. I was one of the Pall-Bearers. Bro Clark and I dressed light and two Haw-dressed dark. At the grave the scene was most pitiful. I could not resist the lump came and my eyes got red and damp. Hardly a person on the grounds who didn't shed tears. The

little girl was loved by everybody she was as pure as any one could be. The grave was one mass of flowers and lays brought by the friends of the little girl. Went home and had supper. Bro and sister Jessie Smith came up and had supper. Bro Clark and I went up to Napoleon's after supper. I talked a few minuts with Minnie and went home in a pretty rain storm.

June 18, 1910. Ate bread and milk for breakfast. Studied Haw for an hour or two. at ten Sister J. Smith took pictures of me. Waited and loafed at mission house until two o'clock. Wrote out some Haw words for sister Smith. at two David came and got me to go home. We had a little flair up on the road. Had hair cut took a wash up and caught up with my work & had left while in Hilo.

June 19. Fasted cleaned up and went to S.S. and meeting spoke in Haw. I was a little shaky too. Went to a Prohibition meeting after. on our way home because I wound a native up on the subject he got mad and said I was crazy. I said I may be crazy but I'm no fool. We ate dinner and then had a mother talk. I studied my Hawaiian and turned in at 10.30. all the natives were going around saying Akamai maloli.

June 20. Arose early and studied. Had breakfast composing of oatmeal and Aligator pears and then did some more studying. Went out and visited some saints. Returned to house and did some more studying. Broke the bed down and had to fix it up. At prayer time Bro Clark began to tell the people how cattle a sheep froze and starved to death in Canada. I corrected him on the subject which ended in a two hour argument. When I proved he had no solid foundation for his assertions. For four days previous have been troubled with a pain in my stomach, to-day worse and I am of the opinion it is symptoms of Appendicitis.

June 21 Arose and studied, ate breakfast and did some more studying. Still retained the pain in my side. Ate dinner and then we went visiting our walk comprising about six miles. Had refreshments on the road. Received newspapers at P.O. and read them that evening. Had an argument with David Kalani. He said the Haaoles had done the Hawaiians more harm than good. He said they had taken the land from the Hawaiians and had called them a low-down people. He said

he would have rather been like the old Hawaiians worshipping the volcano and all kinds of stone gods than to have the Gospel. He said the Mormon Elders were all right but the other missionary. When shown they opened the way for us he came to terms a little. I told him they hadn't taken any of his land, and I told him that he hadn't much faith, and love for the Gospel. He is continually howling about what is being done or what has been done to the Hawaiian people but never gets out and tries to run his people up. At home is just trying to make believe he is a wonder on any subject but I never saw his picture on a bill board.

June 22 1910; Arose 6.30 and began to read in the B. of M. ate breakfast and partly packed my suit case to go to the next branch the stage came along before we expected it so I was requested to run after it and have him wait a few minutes. I couldn't find the driver when I got to the P.O. so I went back to the house. Meantime Bro Clark had finished packing my paiki and his own and brought them on the porch. We took our suit-cases out in the road and he fogged down to the P.O. and hailed the stage. I followed

up with the paikis. The road was very rough and so our ride was far from pleasant. The driver handed me the lines and wanted to see if I could drive four horses which I proved I could do far better than he. Met Bro J. Smith at Hakalau and had a few minutes talk he was crossing the gulch to shoot back. He is surveying for the Hilo R.R. Co. We reached Waloa and tramped through the cane in a muddy trail to the house. Here we were received very kindly, but the people were poor and of a lower class. We talked a short time and then I went in and laid down I was not feeling well. There was one fly and just as soon as I would doze off it would light on my face. I tried to kill it but couldn't catch it. finally it left and I slept about five hours waking up one or twice. I awoke at 5.30 and began to study. I learned three bible verses in Haw. and some words. The pain in my stomach is still the same. I am a little worried about it too. Sleep didn't come to me until about 1.20. so my rest was very poor last night. I dreamed I was home and having a good time.

June 28 Awoke at 6.30 arose at 6.30 and began to study. I didn't feel at all well. I ate a little breakfast and after that

I felt worse. I was really sick but didn't go to bed. The weather was very hot and that helped to make me feel miserable. I studied all forenoon and read some gospel sermons. Walked up and down the path to try and work the pain off but it didn't go so I stopped and let her pain. Went out to visit and found nobody home so we came back to the house where I did some more studying and ate a bowl full of guavas. I baptized a young man half Hawaiian and half Pake. Came back to house and changed clothes. Assisted in blessing a baby and then went back to church and held a meeting. Assisted in confirming the new members. Blessed a baby and consecrated a bottle of oil at meeting and also spoke on the duties of the members of the Church. Came back to house and learned a bible verse in Haw. let suffer and wrote a letter to Jack Gable. Pule Ohana then turned in. Thus ended ~~the~~ my labors of 23 days of June 1910.

June 24 1910. Arose at 6.30 after the kids had hauled for an hour. Studied my language. Ate a scrambled batch of rice potatoes and samon. After breakfast I packed up my paiki and watched for

mail stage when it came in sight we  
 led the camels to good bye and on half-mile  
 through a cane field in a muddy trail to the  
 road we were all panting and puffing when  
 the stage pulled up filled to its uttermost so  
 we were obliged to wait until another  
 stage came along. We waited at a little  
 shed beside the road from 9.30 till 2 P.M.  
 when a Japanese came along and relieved  
 us of waiting. I bought a can of oil for my  
 shoe blackening and tried to clean my shoes.  
 We were received rather cool at Koa Ma Wai  
 and were fortunate enough in getting to stay  
 with his son James. James and his wife  
 treated us very nicely and I appreciated it  
 very much. James is building a new house  
 and when he was telling me how he was  
 going to finish it I offered to help him paint  
 it which he accepted readily. I told him how  
 to finish his lumber for the inside and put  
 him wise to something he did not know  
 before. He was glad I told him is going to  
 follow my mamas. We had been stay-  
 -ing at a very dirty place the lowest type  
 of Hawaiians and then went to a place just  
 like home and I was so happy and relaxed

that I nearly talked a life off the people. they talked very good English and I appreciated it. We spent a very enjoyable evening. They went to bed and Bro Clark and I stayed up a little longer and studied. Turned in at about 10.30

June 25 Arose at 5.30 and began to study. Ate a good breakfast just like we get at home. Got about 60 words from Bro M. Studied on the words. Had a short talk with Eva Mattoon. Walked down to Hale's <sup>new</sup> and Barber shop. Bought some shoe blackening. visited some saints. Had a talk with Bro Mattoon and then ate supper at James' house. The Bill of Fare was as follows, nicely fried steak, Mashed potatoes with cream and butter, rice, Bread, butter, gravy, mustard pickles, Jelly, Poi and ice cream. That was a well supper indeed. After supper I helped raise some rafters on the house that was being built by Jas. Went down to Bro Mattoon's house and administered to a young baby. Had Puly o'hana and another chat with Bro Mattoon then came home and did a little studying. Had an argument with Bro Clark on the sins of the Parent resting

upon the children. In  
 it say the lord visited the iniquities of the  
 father on the children to the third and  
 fourth generation. He said other verse say  
 not so. I said the Bible contradicts itself.  
 He said no and that if I brought up that  
 verse I would get myself in a box. He  
 couldn't answer me, I asked, why do these peo-  
 ple have the dark skins which was a curse  
 on the Fathers. He didn't know. I am going  
 to find out about this business and see if the  
 Bible contradicts itself. I was quite tired so  
 I turned in quite early 10.30.

June 26/1910, Fasted, Studied, cleaned  
 up and went to services. Watched in parade  
 of the Roman Catholic who were celebrating the  
 Holy Ghost. They had a red rag or cloth tied on  
 a pole or stick and carried by a girl in head of  
 the members and the band that is what the Priests  
 call the Holy Ghost. Each member of the  
 church were supposed to pay 50¢ and then  
 they could kiss the Holy Ghost. They also  
 had a little market there in the M. House  
 They sold cakes, bag, chickens, eggs, and  
 even horses and cattle. They also sold wine  
 beer and Soda water. Every body was

drunk. That is the way they respect the Holy Ghost. I talked a few minuts in the meeting and then ~~we~~ after meeting we had a very nice dinner. Went for a walk after dinner past the Holy Ghost. Came back to house studdied had a little nap and then had a very nice supper. I assisted in blessing a baby and I anointed Bro Matoon. Studied Hare Pule Ohana and then turned in.

June 25 1910. Arose studdied word and sentences. Spelt ink in James Matoon's B. of M. Ate breakfast and did some more studdying. Fell asleep in my chair. Went down to P.O. visited some saints bought five apples ten cents. Came back to store met a school teacher from Laupahoehoe and began talking on atmosphere and ended up on the B. of Mormon and Joseph Smith. He asked us many questions about Mormonism and we answered them we didn't try to shove anything on him. Went back to Bro Matoon had a short talk with him then went up to James' and began to study. Both Bro Clark and I went to sleep in our chairs. Jap servant woke us up and had supper. After supper went down to Bro Matoon. He and behold we caught him smoking.

He threw his cigar over the veranda and I watched him later pick it up. We went down to receive word from Bo Smith by phone from Hilo. Matson was very cool hardly spoke so after we had waited forty five minutes we went back to James. Bo Clark talked to Bo Smith later. I had a nice talk with James and his wife. I told them about our wild horse at home and they seemed quite interested about it. I led Kate O'hana, Bo Clark and I stayed up and studdied. Got permission to visit Waiman for the 4<sup>th</sup> of July.

June 28 1910. Arou studdied for a short time at breakfast had a short talk with Eva Matson packed up our paikis and left for Hanalei. Bid all Matsons family good by before going. I met Bo Simmons on the road, landed in Lihue town at 9.30 received very kindly and made welcome by Kalinoma. I would studdied a short time and then got to sleep wake up studdied and go back to sleep. That is the way I spent the day. Met Ester Kalinoma's intended husband and had a short talk with him in the evening. I had my mind made up to go to Waiman for the 4<sup>th</sup> of July and

to get then took a dollar or two which I didn't have at the present time. but when the mail came and no letter from home my heart sank like a rock and I abandoned the idea at once. Walked over to the Hulahula hall that evening and watched the dancing schoolars perform a few minutes. returned to the house wrote to Bro Flowers and studied How a little. received a letter from Bro Moses Lowley. It was a little relief as I was a little sick I had a feeling like heavy lump in my stomach which I didn't like and a sore throat as well.

June 29 1910. Arose ate breakfast and then studied for an hour or two Paper hanging day and I had to be the starring character in performance. Had to throw away one batch of paste and make another which was not much better than the first. I had an awful time getting the paper to stick to the cloth. The cloth hadn't been put on properly and so that made it much harder. I was mighty tired when we got done having eaten no dinner I was quite ready for supper. I went over and visited Bro Simmons after supper. Went over to the dancing school and watched them a couple of times. Went

back to the house. Met Sam Mannus there he was assisting Ester in her lessons for the summer school and examination. Had a short talk with him, wrote a letter and went to bed tired out,

June 30 1910. Ate a good breakfast studied a few minutes and then began to put up paper. I had to mix a batch of paste and let it cool mean time I cut the paper and got ready to put the paper on. The paper to day went on very nicely. When I was nearly past they said I was wanted at the phone when I got to the phone lo and behold it was half a watermelon I devoured it very quickly and enjoyably then resumed my work. After work took a five mile tramp to visit some saints had an argument with Bro Clark on education he said seven and six year was necessary to learn engineering and I said no I could get it in three. He said you are smarter in Canada than America ~~the~~ I said I guess so. At a bunch of Guavas had talk with an outsider ate supper took a bath, wrote some letter and went to bed.

July 1st 1910. Woke and made the necessary preparations to go to Waima to spend the 10<sup>th</sup>

of July. At 12.30 we took the Marina Kea at Lihou-  
 ahochoe for Kaunaihae. We had to take small  
 boats to landing and we ran to the ship. The  
 sea was very rough and all on the boat got  
 wet through. The sea being so rough it made me  
 sick before we got on the large boat. Met Bro. C.  
 C. Smith on the boat he came from Hilo. I went  
 immediately to a cabin and flopped. The Purser  
 came around frothing at the mouth because we  
 Bro Clark and I didn't run our head off to get to his  
 office and purchase passage. The Purser wouldn't  
 give me rates for that reason. I was very sick all  
 the way and so I kept the bunk. Arrived at our  
 destination Kauwanahae at 5.30 and was rowed  
 ashore in small boats. Met there by Bro. Coles  
 who had three horses to take us to Waimea. Got some  
 Pake cocoanuts pies ate them and started out  
 for the ranch. My old nag was a little under the  
 weather so I looked for her to give at the first 5  
 mile we pleasant then it got dark and a cold wind  
 began to blow and made things less pleasant.  
 About four mile from the ranch my nag gave  
 away a little and there being no willows or trees  
 on that barren desert it was necessary for me  
 to produce my coat-hanger which I had in my  
 pocket and use it as a helper to rush my nag

one. Reached the house at 8.30 sore still and completely given out. We ate some boiled salt meat and poi then turned in to some hard bed and slept like soldiers after a hard days fight.

July 2, 1910. Rained a little in the morning. I went walked one and a half miles to the livery stable to see what had become of our baggage. I secured a delivery for it and walked back to the house. Took my clothes out and hung them where the wrinkles would straighten out of them. Had the pain in my side as usual. This being Saturday I shaved and cleaned up a little for Sunday.

July 3 1910. Ate breakfast shined my shoes and owing to having got the front of my shirt dirty I had to borrow a large tie from Bro Clark to cover up the dirt. We walked  $1\frac{1}{2}$  miles to the court house where we held services. While waiting for someone to speak to we sang songs in Hawaiian. The people soon began to gather and in a short time there were 1000 men and women there. We started our meeting Bro C C Smith had the audience crying in a few minutes and made a great impression on the work. We were asked to dine with the foreman of a Million and half dollar ranch week invitation we accepted without any hesitation. Walked back to the house and at five started for the big feed. Made way

to the house received kindly and introduced to its occupants of the house. Had a very nice supper and then spent a very pleasant evening. Mr Spener the foreman of the ranch took up with me because I was a Canadian. He talked to me all the time about the farm and stock. Bro C. C. didn't like so much attention paid to me and so he began driving about Canada I answered all his giddy saying as civil as possible. He asked me if me if I would turn from Canada and fight for America I said no. He asked. What would Canada do if I was there and assisted them. I told him he would get his \$30 a month just the same as the rest of the soldiers. C. C. blushed and didn't know what to do. The people then all laughed at him. Mr Spener said you are all right Mr. Spener. It struck him just right and it was over. Took our departure for home. Asked to return for another evening and dinner. Walked home a mile had Pale and went to bed. Rained nearly all day.

July 11<sup>th</sup> Arose with the expectation of a big day. Bustled around and forged down and began decorating the Court house for the dance at night. Walked in the rain down to the race track a mile away. Our umbrellas scared the horses and we were obliged to close them. Got out

Won a bar of chocolate from Bro Smith. Went back to court house and assisted in the decorating. More and Bro Jackson arrived from Kona wet through. Rained all day and so there were no sports. Went to house at six cleaned up for dance and two baskets to take us to dance and bring us back. Had a nice dance and lunch. Danced several times myself. Put a few Hawaiians to their heels after they had sneaked in. I had my pet (pain) all day. retired at 3 a.m.

July 5. Arose a little under the weather. But More being the thing were kept on the laugh pretty much of the time. Rained all day and I didn't feel like moving around much. Went down to labor camp hung around a few hours and returned home down the decorations and returned to house. Gable and I talked on all kinds of subjects and retired in about 11 P.M.

July 6 1900. I went down to Miss Parker's (the owner of the ranch) to a big duan. We took all fore noon cleaning up and getting horses to ride. Three of us out of seven had to walk. I got a horse by draw. On the way there I took my wife sick and almost had to return. I ate very little at the duan. Watched an old fashioned rattle and Hula dance. I kept getting weaker

and finally had to go home Mr and Mrs. Spencer took me home in their carriage. I appreciated it very much. Had a short talk with the doctor and he said he would examine me the next day. Spent a very miserable night and made it bad for my bed companions.

July 7 1910. Didn't eat much and stayed at the house. All the other E. Idlers went out jogging all day. I shuddled a little and hopped on the bed. At one I went down to see the doctor and he told me to hike for Honolulu he gave me some tablet for a cold I had and let me go home I got some oysters on my way home and ate them. All the E. Idlers rushed in when they returned to see how I was. I told them my fate and they all expressed their regret. Another miserable night for me and Pals.

July 8 1910 Woke and ate very little breakfast. Took order and collected mission money to take to Honolulu. The little girl of the house made me a most beautiful <sup>le</sup> lay for my hat. At one O'clock the horse was led up to the steps to take me to the road where I took a carriage for the wharf. Wore 13 mile in a carriage to Kaimukia where I took the Mauna Kea for Honolulu. I went deaf on the way down and could scarcely hear anyone

speak. Left Kaniavauhae at six in evening for Honolulu. The sea was very smooth and I was not sick at all. Stayed on deck until ten then went to my bunk. I read the story of 8 of M half the night. At 11 I dozed a little and awoke latter.

July 7 1910. Awoke at 5 a.m. and poked my head out of Port hole, just coming in sight of Oahu so I watched it all along. Landed at Honolulu at 7 a.m. took back to P.O. and Posted some mail then to mission house. The Elders we surprised me and then I told them my story. After we partook of a little breakfast I cleaned up and went down and seen W. Judd. He gave me a very good examination and pronounced it appendicitis. Went back to mission house and stayed after purchasing a few things to send to Hawaii for the Elders. Felt very miserable and stayed in that night from church.

July 10, 1910. Arose with the others and took a bit of breakfast. Went to S. S. and got so nervous I could have flown and then went to meeting and felt the same way. went to Huio Pio and felt the same. Had a few talk with some of the saints. My mind was very much puzzled on whether to go home or have my operation performed

here. I decided to go home if I could get passage to the coast.

July 11, 1910 Arose and partook of my limited and waited for Bro Woolley to come in from Laie. I was nervous thinking about the operation and I paced up and down the walk through the houses and all around I would lay down but get up soon. Bro Woolley came in the afternoon and I had a talk with him. He said I couldn't get passage to the coast until Aug 9 all the boats were booked full. Went down to see the Doctor but he wasn't in so I walked around the mission house all the rest of the day.

July 12 Ate my limited and went down to Maunaloa to see Sister Smith for Hilo. After the boat pulled out I went back up to see the Doctor, wasn't in. Went to Mission house and then decided to be operated on in Honolulu wrote to Mother and Rose and sent them on the Lurline. Went down and the Doctor was at home so we made arrangements for the room at the Hospital and time for operation. When I told the C. ladies I was going to have it done here they disbelieved me for a while soon they seen I meant it and made bold me for the stand I took. I was nervous and could not think of much to write. At five we all went down to Alaheke wharf to see Bro Anderson

Sister Hunter and some saints off for Utah. After the boat left Bro Miner and I went to the Hospital where I signed up for my room and operation room. Went back to Mission House and ate an extra large amount of Bread and Milk because I knew I would get no breakfast. Got a hair cut and returned to Hospital. They gave me some pills and Bro. Miner stayed and talked a few hours then went back home. I was very nervous about what was going to happen next day. I slept about three hours of that night all told.

July 13, 1910. I was put in condition to be operated upon. Took a good bath walked up to the room where all preparations are made. I got up on the table. They shaved all my stomach. Then began putting me off. I kept a stiff upper lip and exposed as little nervousness as possible. The stuff they used ~~to~~ smelled like burned peppermint and smugged in ones lungs like sulphur. When the relaxation of my nerves came on I threw the muzzled off wrenched my hand from the Matron and kicked the jaws in the stomach. then I went off and couldn't move. I retained my senses for some time I knew when they rolled me out of the preparatory room for the operation room then I went off for good and knew nothing until I awoke some time

after with a two inch cut in my stomach and a seven  
 inch appendix extracted. A nurse watched me for  
 some time after I came too. I was preaching to  
 them about Mormonism while in the sleep and while  
 I was awakening. I regaining my senses in about two  
 minutes after I opened my eyes. My first words  
 in consciousness after I awoke were, "I thank God  
 I am alive and the worst is all over." I suffered very  
 much from pains in my stomach. Soon after  
 I came too Gas began gathering in my stomach  
 and caused a lot of pain. Bro Woolley and Bro  
 Miner came in after I awoke Bro Woolley went off  
 but Bro Miner stayed several hours with me. I  
 was just burning up with heat of some kind so  
 I gave Bro Miner a fan and put him to work. I  
 didn't have strength enough to fan myself. In  
 a short time the pain went down a little I rather  
 cooled off and began to rest a little. Bro Miner  
 left so I layed stretched out on my back all day and  
 night. I got nothing to eat or drink all day. I had  
 little water to wench my parched mouth out. I could  
 not sleep so along to-wants morning the nurse gave  
 me an injection of morphine but it didn't put me  
 to sleep. It just made me ~~dozy~~ drowsy and killed  
 the pain a little. I was not sick to my stomach  
 at all. Generally one is sick.

July 14, 1910. Very weak and all kinds of pain. Doctors had to work my different organs in order to make my condition near normal. Got nothing to eat but cracked ice all day. The nurse promised me a bowl of beef tea but she never gave it to me. I was weak and didn't feel like talking so I said very little and laid on my back. The Matron came in and wanted to know how our Mormon boy was. Bro Roneche and Miss \_\_\_\_\_ visited me. Spent a sleepless night and by morning I was very tired.

July 15. Felt a ~~little~~ better and could turn in bed a little. Had a bowl of Beef Tea for breakfast. Had some of the Elders up for a short time. Had some Beef Tea for dinner. Felt much better in afternoon and they gave me milk with Beef Tea for supper. The nurses treated me very nicely and one of my boys was always gushing me about Mormonism. Read nearly all night and altogether spent a miserable night.

July 16, 1910. Felt very much better. Had milk and eggs for breakfast. Some of the Elders came up and spent a short time with me. Told me of a woman who was a religious woman. She was giddy and foolish and didn't take much stock in religion. She told me she was just as good a Christian as I was but she

didn't go around preaching about it. It stung me I didn't know what to say. Bro Rouche left his Mutack on I made fun of it and he said it was mango juice until he looked in the glass and seen a little mildew on his lip. Cold water was my principal diet for three days. Egg and milk for supper. Talk on religion with night nurse on the night. Read a novel 'The Philibusters' slept very little all night.

July 17, 1910. Had my bath, Breakfast of Mush Eggs cocoa and toast. Bro Rouche came up and as they were going to take the stitches out of the cut the nurse had to tell him to go. It scared and harassed and frustrated him until he left the room on the run. Stitches were taken out quickly felt like some one punching me with a needle. After the stitches were out I was bandaged up and allowed to get up. I stayed in the wheel chair and was ready to turn in, in an hour. Visited in afternoon by Bro's Flowers and Bigler and then I was left alone for the rest of the night with my nurse. Chicken cream potatoes and butter and ice cream for dinner. Almost the same for supper. Rather heavy but but I liked it.

July 18, 1910. Took my bath and breakfast in bed. After the doctor came round I got up.

and staged up all day. Had a good breakfast and felt very good. My legs were very weak and I was awful stiff but I was glad to be around on my pins again. Read the news and the novel Bro Biglow came up and I sent Bro Woolley a note by him for some money which got through Bro Ronche. Wrote to Mother & C C Smith. Ate a good hearty dinner entertained some of the Elders talked on different subjects with nurses. Turned in after eating a good supper & given out and slept about four hours that night. I was interrupted in my night nurse she wanted to know about the Personality of Jesus. I did my best with her and then loaned her my R. R. and W. & C. which she read all night. Went to sleep and enjoyed my slumbers very much not wakened until morning.

July 17, 1900. Awake at 5:30 and began reading. The night nurse came in with my book. Thanked her very much and said "your doctrine is well with consideration." I had my bath and breakfast and then got up. Fixed up to receive company. Bro Ronche came at 10:30 and told me of some Elders who knew me and were to go to the mission house. Waited for the boys for a long time he never came that morning so I telephoned down to him and asked him to go to the house and see the boys. He made me

promise I would keep very quiet. I ordered a hack  
 packed up my junk and put it on the house. I was very  
 weak and had to be supported in getting in the house. I  
 went in the house but didn't see anyone. I knew not one  
 of them. I sat down and pretty soon came Edwin  
 Rager and Wilfred Rager. I recognized them in a  
 minute we sat down to gether and began talking  
 about Cardston and present things. I gave Rager  
 Rager a letter for Father which I was to send by  
 the boat. I had my laugh at malachinis  
 eating poi. It was certainly short to watch them  
 After dinner they bid us boom and went upstairs  
 They left at 830 at night. I stayed in my house  
 alone was alone. I little listened to a committee make  
 up. 19 July 1900. Turned in about 900 very tired  
 and enjoyed my sleep. Before I left the Hospital I  
 was told not to worry about the pay and asked to  
 return and bring some books and literature,  
 which I said I would do.

July 20, 1900 Arose with the Elders and ate  
 a light breakfast. Loafed around the house and  
 read the news papers. Went to sleep and enjoyed  
 it for two hours. Felt a little under the weather.  
 Ate dinner and went back to bed. soon layed  
 down a few minutes got up and read news papers. Talked  
 with some of the saints. Got my clothes cleaned

a supply of Eggs and milket. Read news  
 a paper read with Bro Miner and Anna Allen.  
 Bro Miner and Anna went away together and left  
 me alone. Her sister came inquiring for her and  
 I told her more than one saying I didn't know  
 when I did. I ~~swore~~ swore I wouldn't do it anymore  
 when she came back and he could see was dis-  
 couraged in every way to be attentive to me. We  
 had Prohibition a short time then turned in  
 slept like a log.

July 21, 1910. Late for breakfast. They  
 didn't have the proper kind of food for me and it  
 made me sick for a time. I wrote diary and had  
 a good laugh and talk with a saint. After  
 dinner I went down and seen Mr. Judd. He  
 said I had a record for operation any place  
 stitches taken out, four days after operation  
 and up went home on seventh. Talked a few  
 moments with him and returned to the house. I  
 caught up with my diary and took off my leg  
 bandage.

July 22, 1910. Stayed at mission  
 house all day. I didn't feel very strong  
 so I decided to stay in. I had some short  
 talks with some of the saints. Tried to breeze  
 Bro Miner and Anna out but finding

that impossible I went got some beef and got supper ready. We had a talk on the Gospel for some time after supper and then turned in about 10.30 for the night.

July 23. 1910. Woke at 7.30 and ate breakfast I was feeling pretty good. The church was giving a celebration at Wala park Warkiki so I decided to go to it. I put on my toggys and waited for Boston Kousche. He got ready and wanted to go for a horse. Hawaiian with a lazy mule. At 10.30 we filled our pockets with present and shuehout for the Park. We left the rest for the Hawaiian to bring. We had all kinds of races and as the Kikis were rather 'narrow' I was detailed to watch the present box. We had a break at noon. I had special sandwiches and coconut pie for mine. About 2 I met a couple of Josephite missionaries and as they were distributing tracts against Polygamy I began to quiz their authority they were very brayon and skimming as I couldn't get much out of them I was then until dark with them alone. One in a while a Hawaiian would put in a question in my name. I said I would meet them the following Monday but owing to not feeling well I didn't go so I asked them up to the house. I returned home determined to meet them full force. H. E. Colers

had a talk on Authority that night for several hours. After a late hour I wound in very well tired out.

July 24, 1910. Ate breakfast and dressed up for the day. Went to Sunday School opened or discoursed I don't remember. Went to the panting and made a raid before meeting. Went to Church got very nervous and my side pained quite badly. Had dinner after meeting then I went with Bro Rousche down to Waikiki. There a short visit with Mursburge was spent. We administered to them Keikis for them. I ate so many mangos they slipped out of my ears. I went to Hilo P.O. at night. Had a good program for the Pioneer day. After meeting a little kumkum was partaken of and then I went to bed.

July 25, 1910. I arose at 10 am not in the best of spirits. I ate a small breakfast and then began reading up on the Authority of the reorganized church. After dinner I took a good bath and went down to see the doctor. At dinner Bro Minner gave me a small bag of salt and pepper and a tooth pick saying I must save right till for dinner I got it I could eat. There were so many persons

instead of me at the office I was unable to see him that day. I got some american jeans and then returned home. I stay at the house the rest of the day and read on Authority. I ate a good supper and retired for rest.

July 20. 1910. The young day to like none whether or not Hawaii must be out or by. I stayed at the house until ten then went down and seen Dr. Doctor. He said I was alright and was not much danger left. I went to the Hospital and seen the Superintendent. He handed me my notes of 34. 50 and I went home. After dinner Bro Rensch and I went to Waikiki and visited the Moana Hotel. Walked out to a saints place and got Brothers Biglow and Flowers then returned to the hotel. They all went in I stayed out and watched them. I met Mr. Fred and his wife after the bath was over we went home. I met a Josephine E. Lohr and asked them up the house Bro Rensch and I went to the Ophium Theatre at night. It turned out to be a regular leg show. Blew in home at 11 P.M. and hit the hay.

July 22. 1910. I wrote a shaking. The foot Josephine were coming up. I watched and studied until 10.30 when they blew in. We started Bro Biglow and I against them and we kept on until 2.30 then it came to a end. We

had them strong by far, on any subject. They  
 had one or two paragraphs that were very hard to  
 master. We couldn't keep them to one subject  
 they would jump around all over. One of them  
 called Brigham Young a liar, I told him  
 to shut his mouth, and that if he was going to  
 use that way to get out because he couldn't talk  
 to me. There was no more news from him. I  
 told him that: "I took the words of El Hubbard  
 a more unscrupulous old dog never lived and  
 that their church was organized by hypocrites  
 and apostates which they couldn't deny. After  
 supper I went to the Park Theatre. There were  
 the wonder of the world. The most muscular  
 men in the world. They did anything I ever  
 saw. I saw young girls and I saw that  
 old man. They were from out of the  
 mountains. They didn't know my business.  
 We laid down a different thing. One said I would  
 like to go to the coast. I said. I am very sorry  
 I am not President of a S.S. line or I could  
 perhaps put you there and so on. Came home  
 and had a talk on. Iniquity and Polygamy

road was too muddy. I missed the train and was obliged to wait until the next day. I went down and gave the <sup>man</sup> who owned the machine a call down. That night Bro Barton and I went to the Park Theatre. He got so enthused he just called out loud in the performance. Then we went to the art theatre. It was a rough place. We waited at Kahuku until 5.15 then pulled for Laie arrived at Laie at 5.40. I would have walked but I didn't know what minute the freight would be in. The people at Laie didn't know me. Came back to the store and had pie and soda water. Had pull and supper. watch Bros. Hampton and Murphy wrestle. Talked on persecution of negroes. Read the news from Utah, Liahona and some Hawaiian. Talked with Sister Mason a few minutes then I turned in. I dreamed I was getting married and I don't know who the girl was. but at any rate she looked good in a dream.

August 6 1910 — Ate breakfast and walked down to the store. bought some hat cleaner and then came home. Studied Haw. received two letters from home. Pressed my clothes. Went to concert and dance at night had two turns of ice cream and cake. Danced three or four times. Returned home at 1130 tired out.

We checked our suit-cases and stuch out over town to find a room. I carried a large pile of books done up in a parcel they were very heavy. I had the adress of a woman and didn't have sense enough to look it up. We could have had a good room with a good firewood at this woman's place. I was within a hundred yards of the house one. we raveled all over town and finally found one on the west side at 50 per week. Visited with some of the friends of the 5 elders and then went in for night.

March 31, 1911, Got up and got ready to tract in a new town. Went out and had breakfast with Bes Patten. I was still broke. Tracted all day with very little success. had better be going, and it made him  
mad. He said, I could go if I liked but he  
was going to stay. So I stayed. We came  
home at 5:30 Both hungry as pigs. We  
had no money and that made us the  
more hungry. I got into my suit case  
and hunted up some English coins I  
had and was going to pawn them. I decided  
to wait until morning and if we got  
no money from the Office we would  
resort to the coins. I went to bed early to  
get of that hungry feeling that was in my  
system.

April 8<sup>th</sup> 1911. Awoke this morning  
not feeling at all hungry. I felt quite  
happy too for some reason. I studied

I talked with her for a long time on the Islands and Religion had supper at six. Sealand and I ate two plates of soup beside the other courses. I had a weakening attack from the effect of my operation. The Boys (Sealand & Willie) sang songs read Poetry and entertained me just swell. At the end we began talking on Chinese History. April 7, 1911. The first-thing was studied for an hour. Went and had breakfast at the Ashland. I retracted all day. The people who were sociable before treated me very cold. Some vicious Devil had been getting in it's work during my visit to Medford. I had very poor success. I finished all the retracting I had to do. Felt plummy pain in side. A little sick. I didn't feel well enough to stand it off. Went to the dentist and he filled my tooth and smoothed my front-teeth up a little. Sat in room and read until four o'clock. It rained and snowed from two until 4.30. Had a light supper and came to my room half frozen. Wrote Journal and quoted Scripture for an hour or two.

April 11, 1911. Laid in bed an hour after Bro Patten got up. Felt very badly. I didn't have ambition enough to move. Had a light lunch about ten o'clock. I read all day. Went to P.O. in afternoon. Had lunch at Mission Cafe. Had a Grape Conversation with the family where I was rooming. Went to an Eclectic Revival of different Religious Sects. It seemed very strange to me. The minister who spoke gave me much confidence in my self. He talked on the last day of the Saviour's Ministry. He spoke about ten of fifteen minutes and in a very poor way. I told

1811

Ellen Patten I was not a bit afraid of my ability to speak any more. We came home and after a short sit up went to bed.

April 12, 1811, Friday punk. Had a light breakfast. Came to room and studied until 12 P.M. I then went to see Dr. Parson's about my stomach. He examined me and said in his opinion I had Adhesion. He told me to get to Dr. Sweetenbug and he could tell better what was wrong with me. At two o'clock I saw him. He gave me a thorough test and said it was Adhesion. He said I might cure it by medication and I might not. He told me there was a raw surface of my other operation and that it had grown & some of my internal organs. I wrote Pres. Sessions about what I should do. Bro Patten was grouching about having to go to the Box so late at night. Had a soup stick us for a meal and that seemed good until he said he would never go to the Box again after night. Came home and went to bed.

April 16, 1871. Laid in bed until after eight o'clock. Cleaned up a little and went to breakfast. I bought a San Francisco Examiner and put in an hour or two in that. I went up to P.O. and stood around there waiting for the window to open. The first clerk wouldn't find my mail because the regular clerk, who lay laid it aside for me. I went to dinner disappointed, because I was looking for some mail and money to take me to Portland to see what was the matter with my side. After dinner I went back and got a letter from Bro. Session<sup>to</sup> enclosed, and telling me to come to Portland. I also got a letter from Bro. Colman. The P.O. wouldn't cash the order because it was Sunday. The Pres. Post Master went with me to a confectiionary and got it cashed there. I went down and got Bro. Patten and let it patten some. I began packing my junk & go to Bradstreet. I had a number of books on hand as I looked them up & so

Mr. Elder to follow take them over. I had  
a set too with Bro Patten. When I had  
finished counting my books he said he  
would take enough of them to square as  
I owed him \$5.35. When I got my ledger  
I paid him \$4.85 leaving a balance of \$1.  
He wanted three dollars. I counted out a  
book of Mormon for him. Then I got my  
account with him and found out I did  
not owe him quite so much. When  
he refused to pay him \$3 and said I could  
give him \$2.50 which made 1/2 dollar more  
than I owed him. At that he flew mad  
and we went out. He told me I was a thief a  
snake and that then sent a straight hair  
in my head. I never got anger with him  
and went on packing my suit case. Went  
to depot and loaded train. He shook hands  
and said good bye. I rode all night.

The Elders gave in honor of Elder Whitwood who was transferred to the Boise Conference. We set the table Elder Emery and I and arranged all the affairs. Elder Emery took charge and announced the programme. Some very nice songs were sang and then they began on the work-song. Pres. Bullard offered prayer. Some funny toasts and jokes were told during the meal. All 125 persons sat down at once. Sisters Christman and Woodbury Elders Emery and myself waited table and attended their wants. I had a long talk after supper with some of the saints. When we partly gathered up the surplus food and hid it for her. I called up Bro May to congratulate him because he had been called ~~sent~~ to Vancouver B.C. to take charge of that conference. I packed up my duddo and at 11 o'clock started out. I had to pay for my room in a house belonging to the Church before. Took short cut to Columbia River to the ferry across there. Bro Pitt wasn't there so I waited for him. About 20 min. The Elders before us failed in their attempt to hold a meeting on the streets but we made it alright. Some of our saints stayed so we were sure of some one to talk to. Soon soon began to gather people from all directions. I spoke first and hailed the crowd. Bro Hill spoke after I did. The crowd didn't seem satisfied so I gave them some more Mormonism. I'm writing I was asked to speak. I hardly expected it still again I did, at any rate I gave them about as much on Twine Antiquity. I did better than I ever expected I could. so I quit and went to bed.

May 2<sup>nd</sup> 1911. Bro Hill got up and  
built a good fire. I then got up and  
and we began to study. Elder Hill  
talked fifteen min on Faith. I followed  
for about the same time the Personality  
of God. We gathered up our laundry and  
went up town with it. Had breakfast  
at Mortensen's Restaurant. These people  
being back-slidd. Mormon. I didn't  
want to tract on account of it. Anyway

May 3<sup>rd</sup> 1911, The weather was very bad. The rain was pouring down. I got up and studied for an hour. We held our class and both spoke on one principle each for an hour. It was raining so bad that I didn't go out at all in the day. There was a little Buleonly and some Cinnamon Rolls left from supper the night before so that was our breakfast. I studied all day on Faith. At three o'clock I took a nap for 30 min. Got up and poked my nose in the book again. Elder Sessions came over at 4.30 to hold a meeting with us. Elder Hill and I went of town and had a meal the only one in the whole day. At 8 P.M. we commenced our meeting, I took charge. Elder Hill and I accompanied Pres. Sessions the day then came home and went to bed.

May 10<sup>th</sup> 1911. Elder Hill had been sick during the early morning so he got up early and of course that made it necessary for me to arise early also. It was

about 5.30 when I rolled out. I studied  
for a long time. Bro Hill and I had an  
Argument on the distinction between  
Holy Ghost and the Spirit of God. We both  
gained some good points on the same.  
at ten I went tramping, when I got to the  
Johnson road I found it so muddy to go on  
so I never went out. I came back to the room  
with a bunch and E. & L. Hill and I made  
the best of it. At 2 o'clock I started for Putnam  
West & Mission house after I had seen Bro  
Simmons. Got a letter from Mother. I went  
to Sister White's and talked with her for an  
hour or two. I had supper with them. I  
also got a little history of the Palmettos. At  
8 P. M. Oliver and I went to Opera Practice. I  
took my stand with the Base. After the  
practice was over Lydia Winters and Louise  
Simmons and myself walked from 10 + 11th  
5 + 6 + Cornettes. If E. & L. Hill had known it  
he would have looked me for Lion. I never  
made very good connections in my ears  
as it was 11 P. M. when I got home. I brought  
Bro Hill some mail and he picked out of  
but I read his letter. I was quite tired so I  
made a date with the bed.

May 5<sup>th</sup> 1911. I was rather sleepy  
 in the morning so I didn't get up until 7, 1911.  
 We had nothing in the room & lunch on  
 so we went without until noon. Had our  
 regular class, I spoke 2d coin on Faith.  
 Elder Hill and I then began our day's work.  
 Went to a friend's home to inquire how far  
 he could be baptized on Sunday. Then to  
 the Free Library. He wanted to put the  
 pleasant news in there. We couldn't get in so  
 we visited a family who are friendly and  
 then went to Duran. After dinner I got  
 some tracts and started out. We visited  
 the library and had a talk with the rec. of  
 of the same. He told us to send the paper along.  
 Then we went preaching. I took one street in  
 bunch of houses. I visited them all and left  
 tracts with each. A storm came up while  
 I was out just as I had finished so I took  
 refuge under a tree for 15 min. Then left  
 for home. Made a fire and my feet and  
 studied a while. Bro. Hill came with a  
 lunch. We ate it and sang a few songs.  
 The night looked rather long as we went  
 up town and visited a family. I  
 wrote journal and went to bed.

May 6<sup>th</sup> 1911. Got up at 6.30 A.M.  
 Elder Hill and I sang about a dozen songs  
 before class. Our regular class came on after  
 singing and prayers. Elder Hill took the  
 part of the bed for some time on Abolition  
 I followed with a sermon on Truth, Repentance  
 & Baptism. We had a few snails at  
 the room as they made up our breakfast.  
 After breakfast we took a jaunt in the  
 suburbs of ~~West~~ Vancouver visiting friendly  
 families. Had dinner at the Home Restaurant.  
 In the afternoon we went out to Van Wichee  
 for a little while. Came back to room. Elder  
 Hill pressed his clothes and I slept. I pressed  
 my clothes and tie after Elder Hill finished.  
 I was not feeling well so Elder Hill went on the  
 wheel and held a meeting. One lady came  
 out of her house and called in after we had found  
 she knew we were Elders and said she  
 would like to have us come any time and have  
 dinner and spend the day or evening with  
 them. I put in about a hour studying on  
 the first Principles of the Gospel. I had a  
 good shave and general clean up for  
 Sunday. Had a cold drink in our room for  
 supper. Wrote Journal and went to bed.

May 7<sup>th</sup> 1891. Got up at 6.00  
 A.M. and began preparing to go to Portland.  
 at 7.20 we left for the ferry. It whistled  
 out when we were nearly there as we  
 had a run like blazes to catch it. We  
 made very good connections in all the  
 cars as we were early for Col. C. C. Clark.  
 Nearly every missionary in Portland on  
 their testimony, in class. Then attended  
 Sunday School. Made some very  
 good answers to questions that some of the  
 text seemed just a trifle. Went to church  
 bore my testimony. After church I went  
 down town and had dinner with some  
 of the other Elders and had a good one  
 too. Came back to Palmer, Elder's room  
 and wrote a few words to Father. Then  
 was conjoint meeting held in the evening  
 and I noted assured that I wouldn't have  
 to speak. Truly it was not of a little  
 of having meeting. In Pastor's of Meeting  
 after that I called the authorities to review  
 mistakes made in the confirmation of  
 some new members. A discussion followed  
 but I came out on top. Had a cold drink  
 after meeting and went to bed.

May 6<sup>th</sup> 1911. I was dreaming of meeting this person when Bro Sessions came into our room and chew down the covers and gave Elder Albert a good spanking. Got up and held class. Sub. dancing pleasing before God. After breakfast went to the Office for our supplies. I got 4<sup>th</sup> order with - 4<sup>th</sup> 8.00 in cash. Elder Hill and I went down town to purchase a harrow to carry our work in the country. We walked all over Portland looking for a bargain. At last we got some for 8.00 cash. We took in two churches while we were marching around. Went to the Office again and then more dollars. Stuck out for tomorrow. Bought some more and went to our room. I picked up a lot of work and began preparing for a trip in the country. Went over the ordinis and spent the evening. Bro, Elder Hill, Bright, Pratt & myself administered baptism. After that we went back to the armchairs. There we expected to meet and talk with a music teacher but she had gone before we got back. We sang a lot of old songs. Bro Bright & I talked about provision the stars gave about something else in the journal. Elder Bright & myself picked up bed together.

May 9, 1911. At about 5.30  
 Luke Pratt came into our room and  
 built a fire. The rest of us rolled out a  
 little later on. He sang some songs  
 before prayer. Luke & I went up town  
 and bought some snails and Bullough  
 which made up our breakfast. After  
 that I went to school for a while while  
 at noon I went up town and posted  
 some letters. I called at an  
 elderly friend's and gave them an  
 Era. On the way back Luke Pratt  
 was going to pick some plover off a meadow  
 but I told him it may have cost  
 him a fine of five dollars. Built a fire  
 and began to read. I fell asleep and slept for  
 a long time. Luke & I then came in from  
 trapping. Went up town and had a good supper.  
 Had my shoes sewed up and then went  
 down to the river to watch the plover come  
 in. Came back to the house. I had a fire  
 I got in a whirling-gig and I traveled as fast  
 as I got up on the river and toward the  
 upper belongs. I & Hamlin, Red Hill was  
 helping me getting into the house as usual.  
 The dog got in and got him at the morning  
 the dog came in when I opened the

door rather scared. He was in such a hurry  
to get in that - he caught his coat tail on  
the door-knob and stopped his progress a  
little bit. In the evening, I shuttled  
home and wrote my journal for the day.  
Having spent a job. May 10th - arrived  
I was tired and felt like being lonely.

May 10 1881. Got up at 6 A.M.  
had a shave and clean up. Went up  
town and had some breakfast. Came  
back to room and packed up my stuff  
and before leaving for the country. At 10  
A.M. Willard and I grabbed our vehicles  
and started out. When a short time out  
my grip broke. One end of the handle was  
loose so I had to carry it on one end of the  
handle all day. We added 6 miles and  
traveled all the house along the way. It  
was my first day's work in the country and  
I wasn't altogether fond of it. In the  
Evening we were turned down five  
times when we asked for entertainment.  
We at last found a place which was  
a good one. When supper time came I  
was very pleased because I was hungry. He  
a good talk in the evening with the  
family then went to bed.

May 11<sup>th</sup> 1911. Rose at 6.30 am  
 had a good breakfast and talk with  
 the family. After that we went to the  
 spot on the farm and put a visit in my  
 saddle. Went out and took a look at a  
 horse dryer then rode thru good logs  
 and started out for the next town. The first  
 house I visited this morning bought  
 a book of Mormon. Elder Hill and I  
 traveled all day talking and selling  
 books. I sold another book of Mormon to  
 a store-keeper. We ate a can of Pork &  
 Beans for our ~~supper~~ dinner. We received  
 entertainment at the first house where  
 we asked that evening. Shortly after we  
 had asked a lady Missionary. F. H. Wray, Jr.  
 came and asked for entertainment which  
 she received. We had a long conversation  
 on different principles of the Gospel. She  
 wouldn't talk us anything but, soul-saving  
 and Sabbath. We talked until 10 P.M.  
 then went to bed.

May 12<sup>th</sup> 1911. It was 7 am.  
 before we awoke that morning as we  
 killed out of bed in a hurry. got the  
 breakfast table we again took of the

147

Sabbath & Lent - sleeping. Had a short  
 talk after breakfast - then took our leave.  
 The people expressed an invitation to return  
 any time. It was raining to beat the  
 band but we started out anyway. We  
 would go up to houses when it was raining  
 badly give them a hat but they would  
 never say come in. at about 10 o'clock.  
 Elder Hill asked permission to stand  
 under a wood shed for a little while so  
 we asked to in. We got a little dry but  
 as soon as the rain ceased we started out  
 again. I offered a man some nails and  
 he said Buy your marrows. David J. H. He  
 says Golly come in the house there is a lady  
 in there who would like to see you. Went  
 in and found a Mormon woman had a good  
 talk with her. Had dinner and. Left there  
 at 1 P.M. for Ridgefield, the mud was  
 bad and it rained badly. Scattered  
 seeds all along the way. I sold two  
 small books that day but no book  
 of Marrow. We found a horse. Whole  
 day sitting, changed on. Next journal  
 was up. Sat in the parlor and read  
 the New York News. Went to bed at  
 8 P.M.

May 13, 1911. Had a very poor start  
 in the morning. Our hotel had no 11/5  
 so we took our pile down corner station  
 out to work at eight o'clock. Met a 7<sup>th</sup>  
 Way about about 7.30 + talked with him  
 until 11. Sold him a book of *Norman*  
 and a voice of *Herring*. We took up our  
 tramp again through the mud. We tramped  
 all night in the way. At Woodland Elder  
 Will went into town and bought a cake  
 and a stick of *Knickerbocker*. When we got out  
 of town a short distance we ate our dinner.  
 That made seven miles we had walked  
 but had no sleep yet. Sold a book of *Norman*  
 to a lady and she really liked it when I  
 told her I had written in *Norman*. Elder  
 Will thought I said I didn't believe in it  
 and he showed his knife into a post and  
 broke off the point of the blade. The first  
 house we used to stay all night was willing  
 to keep us but when we saw how things were  
 we decided not to. The man had a  
 pile on his thumb his wife in a bad con-  
 dition. His Mother in law sick in bed and  
 the house under repair. We left 3 more miles.  
 We asked a lot of people places after that  
 but none of them would keep us. We walked

on about nine miles through the mud & darkness to a little town called Kalama. We met a young man who accompanied us for five miles and who succeeded to a good hotel. We were very tired. Our breakfast in the morning was very poor. <sup>Our</sup> dinner & supper consisted of a cake and a stick of 'bun', We hit for bed as fast as possible. I couldn't have walked much farther.

May 14 1911. Having been so tired the night before we didn't get much sleep getting up as we found time until after 1 o'clock. Our clothes & shoes were packed up with us until we looked like rumps, 'which we were'. Had dinner at 1:30. I bought a can of shoe-shine and we made ourselves busy cleaning shoes and clothes. I wrote up my journal wrote some letters one to Pearl Sandwell in answer to one I got from her. Eldon Hill and I wandered around town for a while. At 5:30 we had supper at the Jew Cafe, Kalama. Eldon Hill wanted to go to church but refused so we stayed at our room and studied. We had an argument or quarrel. We were rather tired so we turned in very early to secure of our rest.

May 15<sup>th</sup> 1911. We got up about 5.30  
and made preparations to leave Kalama for  
Keno. Traveled up the Kalama river & the  
fish-ponds. I sold a saddleback B. of M.  
and a Crows. etc. We were directed over the <sup>Mount</sup>  
to a 7<sup>th</sup> day about settlement. We walked  
and worked over about fifteen miles of Mount  
and but soon reached the settlement. After  
that we were told to take another road and  
that would put us near the settlement as  
we had that. We walked a few miles  
but soon reached the Indian settlement.  
We had walked easily 25 miles by then.  
The Indians were in no hurry to see us  
over got it. We reached a little town called  
Cannon where we expected to stay. We never  
had much money so we tried to stay,  
anyway, but they wouldn't keep us. We  
bought a horse saddle, a horse and a dinner  
with 4 horses and started off down the  
trail for Keno six miles away. Down the  
trail a little way we ate our meals, it was  
a poor even lunch to 1.35 & back it. We  
nearly got over over by a blind engine.  
Got a horse at the first stop in sight and  
moved in quickly. I was tired enough to  
sleep any place.

May 16<sup>th</sup> Having had such a hard  
day before we weren't in much of a hurry  
to get up. We wobbled out and went up to  
the Nelsons home. A man who's very  
friendly. He had had no breakfast and  
when they asked us to stay for dinner.  
At 1:30 we started out to Salt Lake & Palmdale.  
At Carrolls we got a bag of bread and a can  
of deviled meat and had dinner along the  
railroad track. We delivered a few tracts  
during the day but after Carrolls was  
reached we made a hike for Palmdale. I  
was nearly all in at Carrolls but we liked  
anyway. I had had a severe pain in my  
side for two days as was a better under  
the weather. At Palmdale we were dead broke.  
I went to the hotel and borrowed two dollars  
to get to Portland or. He didn't know as  
but when I told him who we were he  
gave us \$1.50 and our supper. We made  
him a present of a Book of Mormon and  
Cowley's Talks on Doctrine. Then off to the  
Depot and got our tickets for Portland, leaving  
in Portland at 11 P.M. Made good car connection,  
finally got to house and found mother & father  
who let us in. We slept there in a bed that  
night and found it all right.

May 11<sup>th</sup> 1911. Got up at 8:00 had a  
quick talk with the Elders then went to  
breakfast. At breakfast we got 3 sitting  
funny muscles and an outrageous  
laugh followed. Went back to the room  
and read class. I learned something  
new from the Bible. I went to the Office  
and got some books & for - letters. Went  
down to Drug - store and got some Medicine.  
Elder Hill and I were ordered back into  
the country so we went to Vancouver Wash.  
We intended staying there all night and  
going to Badgerfield next morning. Had a  
good visit with Sister Hamilton in her  
new house. Did a Journal and ate cake.  
Had supper with the Franklin family, and  
an enjoyable time after. Went up to see  
the Hendersons home at 8 P.M. Had a  
pretty good chat with them stayed there  
all night because it was raining like  
blue blazes. Had a good bed and am  
rested well.

May 12<sup>th</sup> 1911, Leaving had had  
a good bid it was an effort for us to get it  
so we didn't start until 8 A.M. Got up had  
breakfast and left at noon. In the afternoon

room there was a dry-goods box of mixed  
candies so I ate half and I made ourselves  
lunch there for a little while. Had a good  
breakfast with that family. Got some  
books out of my suit-case and then went  
back up to the Chamberlain. Stayed  
there a long time. Had dinner with  
them. After dinner a conversation came  
on. During the last I said that  
the Priesthood could be taken from a  
man and I said it could not. An argu-  
ment then followed. I believe I have  
got a little vexed. We decided to drop  
it until we got the proper view from  
some one who positively knew. I took  
my laundry down town before coming  
to Ridgefield. Arrived in Ridgefield at  
No. 20. Got a room at the hotel and went  
out walking. Had dinner and washed  
clothes for supper. Washed clothes  
and dinner each a little. Wrote  
my journal then but it is all my  
regular engagement with the book.

May 13<sup>th</sup> 1911. Got up at 6:30  
Had a good breakfast and began to  
visit Ridgefield. I had some success

in calling books in that town. I met a  
woman who was a little comely and  
thinning she was poor and asking for  
trunk I gave her a B. T. presently her  
Mother came in and seemed to be large.  
She and I on her shoulder it up and  
down for hours. Started out for  
the center at 11.00, gave away lots of  
trunk sold 2 small books an one  
Book of Mormon. Arrived in the center  
at 01.00. Had a good supper at the  
Palace Hotel a long night sleep. I  
went into the Office in the evening and  
had a talk with some men. One old  
Man said he had studied in L.H.  
and had a great time with the  
fair but then he hadnt been a  
Mormon since then. He might have  
been right. I went to my room and  
after a little study went to bed.

May 20<sup>th</sup> 1881, Had a good  
breakfast at the Palace Hotel and then  
began to read the center. At one place  
he would have sold a book but a time  
happened to put his nose in <sup>and got a good talk</sup> I gave  
away lots of tracts then and sold 20

bores anyway. Elder Hill and I decided to  
go to Pine Grove school district and see  
if we couldn't hold a meeting. We  
walked over hills and through quakes  
all day giving away tracts and selling  
our books. We tried several places for  
nightly lodging but didn't get any.  
I talked with one of the school board and  
he sent me to Mr. Freeman, he wouldn't  
keep us but referred us to Mr. Brewster and  
sent one of his boys to show us the way. Mr.  
Brewster said he would keep us and the  
ladies said we could use the school as  
an appointed a meeting and the boy  
said he would notify some of the people  
of the neighborhood. That night after  
supper Elder Hill and I put on some  
old clothes and went out to the barn behind  
the man's milk. I milked them until  
half four. Kept up until the milk when  
that was finished we fed the calves their  
milk. The old man had his arms  
to come up in their turn for feed. I put  
in about an hour study for the coming  
meeting, then went to bed. I was very  
tired and was - I am not now.

May 21 1881, Never awake until quite  
late so I piled right out of bed and  
got a little frightened around for  
the Sabbath. Had a shave and no  
brush to make it with so I used  
my fingers. Under dread fear of no  
dinner or supper and perhaps a long  
walk I ate breakfast. After breakfast  
Elder Hill and I visited some people  
of the society then went into the woods  
and picked out some mango and other  
rehearsal of an sermon. Went back  
to the house and had dinner to our  
surprise. We then went over to the  
school and waited for the congregation.  
The boy told some of the people but never  
told them the time so got the keys to the  
school from one of the men as he agreed to do.  
There was no one come only the people  
stayed with and a family we asked to  
come so we found the door with a pocket  
knife and held meeting anyway. We  
preached for a hour & then Norwegians  
I don't think they understood half as well  
after church we started for Woodland  
on our journey through the woods.

At about half way Elmer Hill took sick  
with a stomach ache and I thought we  
might have to spend the night in the  
woods but we managed to get in a stage. One  
old woman on the road just scolded like  
a wild animal when I told her I was a  
Maroon. I came in contact with her by  
making inquiries of which road lead to  
Woodland. Saw a water fountain pump  
fery for the first time in my life. In our  
way to the Hotel we saw a little place, with  
a sign. Room & eat & board. We took it and  
got a warm and good board for a very  
reasonable price cheaper than a hotel  
by a great deal. Had supper at this  
place and when I went to pay her I gave  
her a bogus dollar. She but know it was  
bogus and when she looked at it I said  
I guess it is good. She said, I guess so.  
I went up to the rooms and in a few  
minutes she came her daughter with  
the bogus dollar and wanted a good  
one so I changed with her. The banker  
told me that I could get a good dollar  
for it as I kept it. Put in a little sleep-  
ing and then went to bed.

May 22<sup>nd</sup> 1866. I was very tired and  
sleepy this morning so I was in no hurry to  
get up. Elder Hill got up three times but  
came back to bed each time. Got up about  
8 o'clock and got out to work. Went out  
on the Railroad track and took a look at  
the town. We went away to one end of the  
place and began tracking towards the  
other end. I had no breakfast so I came  
in at noon pretty hungry, and had a  
good dinner. Went out in the afternoon to  
do some more tracking. Met an Indian  
'who was a Christian' and told him a  
look of Mormon. Came in at night and  
shuddled for a while. Had a good supper  
and wrote up my journal then beat it  
for bed.

May 23<sup>rd</sup> 1866. Got up a little  
earlier in the morning after. Had a  
very good breakfast. Went out and tracked  
a little while in the forenoon. Came in and  
had dinner. In the afternoon Elder Hill  
and I took a stroll along the railroad track  
for a mile. I did some tracking in the after-  
noon. Elder Hill met a fellow who said he  
had lots of love for a J. W. Mormon. I

Elders Hill had wild violence with the  
fellows we would have been mobbed no  
doubt. I went to my room and did quite  
a lot of studying. Had supper and  
then went to N. H. H. ~~convention~~ convention  
Came home at 10 P.M. & went  
to bed.

Monday 20<sup>th</sup> 1844. Got up in time  
for breakfast again. Met Mr. Short-  
from Portland. He was at Woodland  
It was raining quite badly and did  
no traveling all day. Took a short  
up the track again. Everyone in the  
town knew we were Mormon Elders. I  
heard one man say there goes the Mormon  
Elders and a bunch of boys just out-  
of the woods ran around some wagons  
to get a look at us. I had a chance to  
explain a little Mormonism to some  
people at the place where I was staying  
and I did it. The best I know how. In  
the evening we got a bag of prunes  
and ate them instead of going to  
supper. After we got in bed we told yarns  
and stories of our past life for hours then  
we went to sleep.

May 25<sup>th</sup> 1911. As the weather  
looked a little better this morning. We  
got out a little earlier. Had breakfast  
with Mrs. Barton paid our bill and  
left Woodland for Kalama. After a  
little while the rain began to fall  
and I began to get mad. At Martin  
Bluff we left the truck and to the muddy  
road. The rain fell harder all the time  
and the road became worse. We had  
no trouble in giving away track but  
the people wouldn't buy our dogs.  
Got into Kalama at 5:15 P.M. Got a  
room at the Benton Hotel. 20¢ a day  
for each of us. My feet were soaping wet  
so I bought a new pair of shoes and having  
another pair of shoes with me I changed  
and had dry feet my way. Studied  
a little wrote a little and did every  
thing to kill a little time until supper  
came on. I was hungry as a wolf in  
a bad skin. Had supper then went  
for a walk down on the docks and rail  
road track. Came back to room and  
put in a hour steady and beat it for  
bed.

May 20<sup>th</sup>, 1911, Elder Hill and myself must have both thinking of the same thing in the morning as we laid in bed to look for breakfast at the Hotel so we had to go to a cafe for it. I wanted to go to the Cafe myself and that is why I was in no hurry to get up. I had Ham & Eggs for my breakfast at the Germ Cafe, Kalama Wash. Went out on the hill and did some tracking in the forenoon. At noon I went to my room and did some studying. Went out again in the afternoon and did some more tracking. I came in at 3 P.M. and did a little reading and had supper. Went to my room and read the bible for a while then went to bed.

May 21<sup>st</sup> 1911, Had a good breakfast at the Buxton Hotel. Got my traps and a bag of cakes and started for a school District 2 1/2 mile from the town of Kalama. Got tangled up in the woods but came out alright. Met C. J. & a woman that day. I was going to see the school board about hold a meeting in their school. Owing to a death which

arrived at Kalame the school board  
was called away as we didn't get the  
school for a meeting. Spent the rest  
of the day in reading and writing. Had  
supper at the hotel. Walked out along the  
road in the evening for a while. Wrote  
Master C. a letter. Went to my room  
chewed the fat for a little with E. Will  
then beat it for bed.

May 28<sup>th</sup> 1911, Laid in  
bed until it was 5 o'clock for breakfast.  
got up and had a shave, went out to  
walk and then came back to hotel  
and read for a while. Had dinner at  
the hotel. The sun came out unex-  
pectedly hot when we were out walking  
as we came into the hotel. Read papers  
and wrote letters all afternoon. Was a  
day & had decided in my journal as I  
wrote it up. Had supper at the Burton  
hotel. Sat in Office all evening and  
studied. Went to bed at 9 P.M. We got  
into an argument over the use of Tob.  
& liquor. I said cigarettes but to drink more  
than drink to cigarettes. He was the advocate. I  
lost so did he. Finally we stopped and  
went to sleep.

May 29<sup>th</sup> 1911. Got out and had breakfast at 1.30. Paid our bill "2.50". Went out to trail. Got turned down a few times in the beginning as I got disgusted and quit. I went to the hotel and waited for Elder Hill to come in. Got our traps and went down to the ferry to cross to Goble Canyon. At 11.30 we got across and started to hunt. I had very good success. We got a box of crabs & some bleached meat and at noon ate it for dinner in the shade of a Pine-tree. I sold two Books of Mammals and two little ones. One on tick and the other I got the money for. Covered about 100 miles in 8 hours. Got in St. Helens at 7 P.M. Got a room and a box. Snails & catfish & crabs. ~~for the night.~~

May 30 1911. Recreation Day. I got a 1/2 doz Buns and a 1/2 stick of 'butter' the Elder Hill and I started for our day's work. After a while we asked a dog man to show us the way out of town we succeeded in getting out. Had our breakfast under a pine tree. Elder Hill's leg began to swell and our progress was very slow.

We found a big patch of strawberries  
and there were very few left when we  
left it. We kept on walking and giving  
away tracts. We only had one P. M.  
left between us and Elder Hill could  
sell it as I took it over. When we were  
in store I told Elder Hill I was going to  
sell it now and I did. He wasn't going  
to take it at first for 50¢ but I finally  
got it off on him for 40¢. I got a box  
Crown's crackers and etc. for my dinner.  
We walked on up the road for a mile or  
two then a man picked us up and took  
us to a stage where we took a train for  
Portland. The Agent there rather  
doubted my position when I pulled my  
Perry off him. He came through with  
the ticket anyway. The conductor  
was a little of his kind too. He conducted  
very tight and I suppose like a minister  
had no right or faith. We got into  
Portland about 3.30. Went to the office  
and got some books and money. Went  
to a room. Washed my face with the  
handkerchief. I don't know how I had had my  
face right then except a couple of light  
blows.

May 31st 1911, Laid in bed with  
quite late. Had Breakfast with Brother  
Hamlin. Went down town and had a  
good bath. In the afternoon we went  
out and visited a few people. Sat around  
in the park for an hour and read C. T.  
Washed down to the Ferry Dock and  
stayed there a little while. Came  
back to the Home Restaurant and had  
a good supper. Had an dance at  
Tops in a hut and it was better than  
Hays. Spent the evening with the  
Hamlins had a good time. Washed  
down town and watched the C. T.'s  
Parade a little while then returned home  
and went to bed.

June 1st 1911. Made up my  
mind to go see Pearl Cardwell so I  
dressed up for the occasion. Went on  
to Portland early in the morning and  
searched the East side of the city for  
a home phone. I found one in a drug store  
called her place but couldn't get her. I  
then went to the Church where a family  
of saints lived. At 2 o'clock I tried  
again, nothing doing. I made several

attempts - but couldn't get her so I wrote  
her a letter and if I see her. Had supper  
at a private boarding house. Waited  
at the Church until the Elders came  
from the Office to see if they had any  
letters for me. They didn't so I came  
back to Vancouver. The car wasn't run-  
ning any more and I was two hours getting  
home. Sat in the parlor a little while and  
joked then went to bed.

June 3 P.M. Got up about 7 A.M.  
put on my every day clothes. Went out  
to Mortimer's restaurant for breakfast. I  
came back to the house and got my  
journals and went visiting. Sister  
D. J. & a woman then came home.  
Wrote journal and joked for a while  
with Sister & a woman & Elder Bill.  
I did a little studdying then went for  
my supper. After supper we went to J. M.  
Daskis and told him of the meeting we  
were going to hold at 8 P.M. Came back  
to house and had a talk with families.  
Heed an interesting class for a hour on  
life and principles of the gospel. Went to  
bed at 10 o'clock.

June 3, 1911, Got up about 7:30 a.m. and began to clean clothes. Elder Hill got some snails and fish. Hamlin made us some chocolate and we had a good breakfast. Finished cleaning and fixing my clothes. I went off town at noon for a little walk and to get my mail. Came back and had a shave. Elder Hill and I chewed the fat about whether we'd go to Portland or not. Got nearly ready then he backed out two or three times. I didn't want to stay so we at last we went to Portland. In the evening we went to the street and held a meeting. I had a conflict with a Methodist minister. I felt like poking him in the face. After the meeting we had supper and then went home to Palmers and went to bed.

June 4<sup>th</sup>, 1911, Got up and got my self ready for Sunday. Went down to the drug store to see if I could find Pearl Mackay. <sup>by phone</sup> I got the house where she stayed but the old lady got sore because I called so early in a.m. She said Mrs. Cardwell live there and turned up the window and that ended it. Went back to

the church and attended E. L. class.  
Went to S. S. attended Thos. class. I went  
to meeting in the afternoon. The bishop  
kept looking at me and I was quite sure  
he would call me out to my happy  
relief he didn't. Rev. North asked Sam  
Hill, Stott and myself out to his home  
for dinner. Spent quite an enjoyable  
afternoon. Corrine Henry came over  
and had dinner. Elder Scofield came  
during dinner so he had to wait. We  
all went back to the Church at 4 P.M.  
and did some song practicing. Evening  
meeting started at six. Every call  
I expected it was one but I didn't get  
it. After meeting a bunch of us went  
down town and had supper at the  
Royal Cafe. Walked back home about  
6 1/2 block. Made a date with the bed.

June 5<sup>th</sup> 1891. Got up at 5 A.M.  
Attended Class. our subject was  
Divine Authority. Went down  
on the West side and had breakfast.  
Went over to Tanager. Called Sister  
Hawstin & Bill for a little while.  
Wrote up my journal and then did

some reading in the A. & T. Had a  
talk with Frank Hamlin for about  
two hours. I was trying to sell him  
a suit of clothes. I walked down to the  
mill where he worked and finally  
succeeded in making the sale. I  
then went back over to Portland. I  
went up to the office and drew a  
cheque for \$20.00. I then went down  
to Palmers and having received in-  
structions from Mrs Ballard to go to  
Sister Peterson in St. Johns and ad-  
monish her, I took E. Elden Gardiner  
and went and did it. We had a nice  
lunch with them and a very nice  
talk then we came home. When we  
got to Burnside on our way home we  
saw some of the Elders holding a st:  
meeting. We got off the car and listen-  
ed to them - all they preached was the  
book of Mormon & Joseph Smith. It  
made me awful nervous because  
I don't like them sub. talked about  
on the street: E. Elden Hill wanted to  
stop for supper but we didn't so we  
all came home.

June 6<sup>th</sup> 1911, After class  
I went down town with some of  
the Elder and had breakfast at  
the House Restaurant. Cashied a  
cheque at Ben Sellings. Bought  
a lot of rollers at Mayers. In the  
afternoon I went out to the Aviation  
meet and watched Eugen Ely  
make two ascensions. Came back  
to town and then went out Ben  
Westergaard's and spent the evening  
and had supper. When I got home  
Elder Pratt was sitting on the  
door-step waiting for the some one  
to come and let him in. He got  
tired of waiting so Elder Pratt went  
into the basement to open the door in-  
side. Some Elder came and un-  
locked the door so we had a job on  
Ben Pratt. I was flying all  
night long.

June 7<sup>th</sup> 1911, After breakfast  
I started to find Pearl Malcom. I  
went to 15<sup>th</sup> Wainhill but they had  
moved from there. Then I went to 68<sup>th</sup>  
Northrup street but the Red moved

from there so I didn't get to see her.  
I met Sylvia and Mahland and talked  
with them a few minutes. I went to  
Sister White's to wash my hands  
and then got into a conversation with  
Sister White's sister Mrs. Anderson who  
was once a Mormon but is now a  
believer in the Apostolic faith. I talked  
with her for seven hours on the gospel.  
I could wind her up easily but she  
would not acknowledge it. In the evening  
we had a little Eldon reunion a short  
program and a serving of strawberries  
in cream and cake. I received a \$11.00  
for our homes.

June 8<sup>th</sup> 1911. Met Sister  
Woodberry on the street - at 8.45 to  
go to Vancouver Wash. Waited for  
Eldon Hill for a long time. When  
we arrived in Vancouver our Saint  
hostess met us with "Well for God's  
sake you come back." She was on the  
pod so we hid our suit & phone her.  
Talked with her a little while got my  
money two left. Had dinner  
at the restaurant. Stood around

town for a long time and watched  
a parade, & then Gardiner & his Woodberrys  
and myself went up to Council-But.  
Came home and then went to choir  
practice. After choir practice all the  
Eades & sisters went to Mrs. Ballards  
for a little social. Emily Linton  
drew a picture of all the missionaries  
which made lots of fun for the crowd  
belonged to one of the best piano-players  
in the world who weighed about 300  
lbs and could play just as good.  
After a little refreshing report - we  
took our departure for home.

June 9<sup>th</sup> 1871. Went up to Mrs  
Ballard's for E. E. Rupper. All the other  
Eades had gone to the Coast but us and  
two others. He wasn't there so I went  
down town and had something to  
eat. I came back to Palmer's and  
found him there. He and I went  
down town then walked around town  
a long time. We went to a show, came  
back to Grand ave. and watched the  
children's parade. There was about  
fifty thousand people on Grand Ave.

At the Parade Elder Muffer and I went out to Sister Westergaards and spent the Evening. I helped Lydia get a lecture of the life of Christ then we came home.

June 10<sup>th</sup> 1871. Laid in bed with eight o'clock. While I was doing a little studying we were asked to go out to administer to a sick man. We found and found him Bro. Potter in a very bad condition. He had dyspepsia and he was swollen to his hips and very weak. Came back to town and had a good dinner at a Capateria. Elder Muffer came home. I went to a theater. At 10.30 I came home for a little rest. Wrote up my journal that I had neglected for a week. In the Evening Elder Muffer and I went down town and watched the Electrical Parade. The streets were just packed to the limit. I stopped in to a Lady Bache shop and had a shave. She wasn't very particular in her work either. I then came home and hit it off for bed.

June 11<sup>th</sup> 1911. Got up  
about 7.30 a.m. Cleaned up a little  
for Sunday. Went to Missionary  
class then to S. S. I went to Meeting  
at 11.45 a.m. and listened to a  
good address by Rev Bullard on  
Sabbath and other subjects of less  
importance. After Meeting a  
lunch by us but I got to Mr's  
Restaurant and the way we all  
was nothing slow I went to a the  
Came home and sang songs  
with some of the children in the church.  
It was better than Watch Song  
but we had to go to Church anyway.  
In the evening I went to another  
meeting and listened to Rev Bullard  
for his lessons on the Abolvement and  
some other subjects. There was a very  
crowded house and everyone enjoyed  
the meeting. After meeting Emma  
told me I went down town and had  
a lunch. There was much food  
and his was Red - chops. There  
was some and made a date  
with the last.

June 12<sup>th</sup> 1881. I got up  
about 6 A.M. Went out and had  
breakfast at Mrs. Kieley's home.  
Then I went to the Office for books  
and money. Bought a suit of  
garments 7.25; Then I then  
went over to Vancouver. I unpacked  
a little while with exhibiting  
then went up to Myra's. Had dinner  
with Ship & Ida. I sent a letter  
while with the Myra's then left. The  
boys took us and our suitcase down  
to the wharf. Came back to  
Portland. Went to Grace and  
got my books and garments. I  
went to the Barber-shop and had  
a good bath then to supper. After  
supper I laid on the lawn and  
read some papers for a hour. Wrote  
Mother a letter. Ate a dish of  
strawberries, wrote my journal  
then went to bed.

June 13<sup>th</sup>, After a short-  
discussion with some of the  
Elders, I went to breakfast. After that  
I went down town to call on my lawyer

I bought a .60 & shirt - then returned  
to my room and packed my rifle for  
a country trip. Elder Will and I left  
Portland at 9.30. Rode to the end of north  
West Portland cañion then took it on  
foot. A young man in a motor-car  
carried us about four miles on our way  
then we walked into hinton. I got a  
25 & place to stay all night, and left  
my books in the room there while I  
walked around town for a while. Noted  
a ship taking on a cargo of lumber. I  
had the pleasure of seeing a "Union Jack"  
floating on one of the ships. Came  
back to my room and did some  
writing and sketching then I bed  
it for bed.

June 17, 1911. Got up about 7 a.m.  
and went down to breakfast. I skidded  
for a little while then went out and did a little  
tracing. I bought a dog. & mails for our  
limer and went to the room to eat  
them. I did some more sketching and  
letter writing as well. Went out tracing  
again about two-thirty. Came in at 5 o'clock  
supper. did a little sketching then  
went to bed.

June 15<sup>th</sup> 1911, Elden Hill and I decided we would try a new place for breakfast so at 7.30 we left the hotel and went to the new place for breakfast. It was a junk hole, worse than the other one. After that we went out and did a little trapping in Linton. We got our bags and started for the country about 9.30. We followed a road that wound around the mountain for about 10 miles. One place in the road there was something wrong a little streak of hoaring sound and feeling on feet either way there was nothing to be heard or felt. I didn't like it so I got away from that place. Walked and tramped until I got pretty hungry. We tried to buy some bread along the road but they wouldn't sell. I went into a Swiss ranch but there I sold a C. T. had a lot of ripe cherries and she gave me four big swiss cheese sandwiches. We ate them and then continued on. Had a fine supper at a ranch where some men were catching. Got permission to hold a meeting in the school there so we decided to stay. The next question was where to stay. We tramped around

a little while and ran across some more Bachelors who told us we could stay with them. We sat on the Porch and read a little while then they showed us to our room. The bed was mighty dirty but we were tired and thankful for it.

June 15<sup>th</sup> 1871, Had a pretty good breakfast at the place where we stayed all night. Talked for an hour with the old man then tried out the trail and met a party of people about the meeting. Had a pretty argument in the school house. Had an old countryman come back and put a few things straight in his mind. We went to an old Danish place and bought some of bread which we ate with a piece of salmon we had and that made our dinner and supper. Stayed at the <sup>above</sup> meeting house all the rest of the afternoon. Had a good meeting in the evening about 80 in attendance. So we asked us home after the meeting as we had made up our minds to stay in the school all night. There was a Danish woman there and after

she got home she told her husband  
that she thought - we admit - some place  
to stay, and she told her husband what  
she thought we should do. I got up out of  
bed and came down to the school  
and we all went out together to sleep  
with them. Their invitation we eagerly  
accepted. They gave us a good warm  
supper and a good bed. I slept and  
we were very thankful for them.

Yvonne & I left the breakfast  
at 5.30 and at 6 started for London  
a hour from miles away. gave away  
a few more and then at 7.15 we  
were both on station for to Portland  
on the afternoon. I packed my clothes  
and cleared up for good and all. In the  
evening I went down and the staff  
with some of the E. ladies and gave a  
good crowd about 8.30 in the  
Association. kept the rest of the  
church and staff in a hall. Came  
home about 10.30.

June 10, 1911. Cleared up the  
papers. Had arranged with Palmer.  
Attended to the 4th of July. Doneen

during the whole meeting for fear  
that I should have a speech but I  
didn't have to. Went to the funeral  
in the afternoon of Sister Perzetta.  
In the evening I was tired and I  
went down town and had supper.  
Went to the evening meeting and again  
I spoke but didn't have to speak.  
Saw Ruth Bloom just arrived from  
Logan and had a little talk with  
her. Many young people after meeting  
there went to bed.

June 24, 1911. I went to the  
office in the forenoon and got  
some work. Elder Hill and I were  
going to the meeting but decided to stay  
I got up soon and had breakfast  
and then went to attend the funeral of Mr  
Foller. Carver and Mrs. J. M. Mott  
where the funeral was held and began  
to pray and for the service. I went  
to the service in the morning which I was waiting  
for some clothes I was having done  
and I made a special trip to the P. O.  
for a registered letter from Mr. It had  
a \$3 in which I had got 2 one 50c

Gardner and I called on two boys  
from Salt Lake to see if they would  
come to Church. I went back up to  
my room and finished up things  
for the country. I wrote a few letters  
of importance. In the evening all  
the Elders met down town to hold  
their meeting. I helped the men  
I was with until after they had  
sung the song then I put in my  
appearance. Elder Hildreth began to  
talk but didn't have much  
success. He was pretty well changed  
white for 10 minutes. There was only  
a bridge Elder Yates on the sidewalk.  
He finished then they motioned a  
man to come from the sidewalk and  
did so. One two more I saw and  
one in four more I saw and  
believe one I did see give their  
testimony and I was testifying for  
about 30 min. when I told them all  
I knew I stopped. On the way home I  
bought a piece of pie and ate it from  
my hand as I walked along. I took  
a little rest night. Then went to bed.

June 20, 1911, Fine all the  
to have a good day ahead and started  
for the country. Had breakfast at the  
Monte Carlo. Had to wait for the car a  
long time as I put out and had a shower.  
I rode out about 7 miles from the town  
and then began to walk and look  
down the river. Had not luck as back  
at all in getting to the but gave away  
lots of seeds. Put a bag of seeds in  
back of one place and to look. Will get  
two boxes of strawberries at once.  
There was about 5 miles of dirt in the  
road and the wind was blowing like  
and when we got in a canyon we  
looked like a pair of tumps. We  
gave the horse lady the strawberries  
and she made us a little lunch before  
we went to bed. I studied a little  
and wrote formal then went to bed.

June 21, 1911, Had a good  
breakfast at the place where we stayed. I  
began tracking at eight o'clock and  
left it at. We passed by a long string  
of cherry trees and then we had a list  
I filled out of my coat-pockets for hard

times to come but the cherries were all gone before the time came. Edith Hill baked a little loaf for a box of strawberries as they helped to fill up for noon. I bought a can of beef and ~~a~~ a box of cakes for our dinner and the first time we came to we ate it. That night I had a hard time to find a room. The woman we got the room from wanted <sup>it</sup> a week in the beginning but I gave her down to 20¢ a night for as long as we stayed. Edith Hill bought a dog - mails for our supper and they were made biscuit - then mail - wrote Jerry a letter then we went to bed and all.

June 22. ~~not~~ Longest day of the year. The sun will whizzed about 5 a.m. and again at six and again at 7. I got up and began to write, letter and journal and left on for an hour. I went out and did a little tramping in the forenoon. At noon I went to a little Restaurant for dinner. They gave me a plain steak tough as rubber and just about ready to move. I couldn't afford to leave it so I ate it without feeling

through my nose. In the afternoon  
did some more lecturing. Bought some  
very nice people who were willing to  
take my facts and talk a few min.  
In the evening I got a dog, rabbit and  
a bag of chocolate candies for my  
cupper. He remained at the house  
and told part experiences for a long  
time. I did some studying then went  
to bed.

June 20th, Again in white  
broke my playful chamber. Got out  
about 10. I did a little studying then  
went out and did some lecturing. Went to  
the hotel in St. Albans and had a very  
good dinner. After dinner I did a little  
more studying, and then went out to do my  
daily lecture lecturing. I walked to Bolton  
to get my mail, but there was none for  
me. We got a package of facts from  
the express office at Bolton and took them  
to St. Albans. I got out facts for as long  
getting them ready to give away. I told  
E. L. H. that I was going to write a  
book on phrenic culture. He told me  
I had not brain enough to do it. An

argument followed and I showed him  
where he had made a mistake in  
such an assertion about one he knew  
is little about. Elder Hill went to the  
bakery and got our supper, one loaf dough  
nuts and a pie. We ate that then did  
some more studying. I wrote - letter  
to mother wrote my journal and then  
made a date with the bed.

June 2 to 4<sup>th</sup> 1911. I got up a  
little earlier than usual. Had my  
breakfast at one of the St Helen Hotels.  
I rusted our landlady & pay for  
our room - rent then we took our nap-  
sacks and started to look up some of  
our church members. At Columbia  
City we found out that "Neil & his wife"  
lived 7 miles back in the woods so we  
took a logging train for the camp. Two  
of the wheels of the car I rode had a  
flat place on them which made the  
ride rather rough. That little train  
went around curves up and down hills  
and over trestles like I have atack. I  
was a little nervous but tried not to  
show it. Elder Hill was also but his

eyes opened wide and he held to  
the bolsters until he gave himself away  
and plainly showed that he was scared.  
Mr. Neil half way to camp and rode  
the rest of the way on his engine, a bit  
rather - trap for the working mountains.

We had dinner with them and a  
good long talk afterwards. About 2 P.M.  
Elder Hill & I walked out to the place  
where the men were working, and  
watched them while I loaded logs with  
Worby engines. It was wonderful the  
way they could handle the long timbers.  
On our way we stopped at a creek and  
had a foot bath. In the evening, after  
supper, we had a good long talk with  
the family. Some neighbors came in  
to join the bunch and stayed a while.  
We were taken to this neighbor's house  
to stay, all night on account of two  
of Mr. Neil's brothers being with them.  
The bed was about 3 1/2 ft. long and had  
3 or 4 in. of good material but  
small quarters. I got in first then  
Elder Hill started to lie down. He got  
up on top and ended himself down between  
the side and me.

June 25<sup>th</sup> 1911, Laid in bed until  
9 o'clock. Went up to Mr. Nils and they  
were just up. They made us up a pretty  
good breakfast for Sunday morning. Elder  
Hill. Mr. Neil & myself went to get  
provision of the school trustees to hold  
a meeting in the school in the evening.  
They all concurred so we began to adju-  
sture it. At one place we bought a big box  
of strawberries for supper. After we got  
back to the house I went to sleep in my  
chair. I helped Mrs M<sup>rs</sup> Cune "Mrs Nils & Mother"  
to clean all the strawberries he got in the  
morning. She cooked up a fine dinner  
and had the strawberries for dessert. At  
6.30 Elder Hill and I went to the  
school to get it in shape for the meeting.  
We couldn't find any lights and were  
just about to go back for some when one  
of the board came & got some out for us. At  
8 sharp the meeting began, there being  
present about 15 people. At 8.55 I took  
the stand and began to talk. The time  
flew by fast and I had talked an hour before  
I realized I had been up so long. It made  
Elder Hill angry is. well. After the meeting when  
we went home and went to bed.

June 26<sup>th</sup> 1911. Still at the logging camp and the rain was coming down like everything. I had breakfast at the rancher's about 6 A.M. About 10'clock Elder Hill and I gathered in our packs and and started for Klee Island. The rain was falling fast and we got pretty wet. A man came along in a wagon and gave us a ride to the town. He decided to go to Rainer instead of staying there. We got a fine room there at a hotel for \$2 a night. But when I built a fire in the room and dried my clothing. The room was warm and comfortable and from 2 to 4 o'clock I had a good snooze. Elder Hill and I had a rousing argument over my talk the night before. We both got a little angry. Had supper at a Cafe. I wrote Journal and studied a long time then went to bed.

June 27<sup>th</sup> 1911. The first thing I did was take a good survey of the town which took me a hour and two. I went to my room then and did some studying. Had dinner

at the same Cafe, a punk one at that -  
After dinner I took off my clothes, "and  
went to bed" while Elder Will took them  
to be pressed. The tailor wanted one Dollar  
just to press a coat and a pair of trousers  
I would give it to him but I took my  
trousers and laid them under the  
Presser then laid on them for a  
time and brought them out with  
a pretty good crease in them. I was  
not feeling very well the pain that  
had kept up for three months was a  
trifle more severe so I stayed with  
my room. Elder Will and I had an  
other talk over my talk which  
amounted to nothing in the end. I  
went to a very comical sandwalk I did  
away that peculiar feeling a few angry  
words. I read the news from Portland  
then went to bed.

June 28<sup>th</sup> 1911. Got up about  
7 A.M. had a bad pain in my side  
and didn't feel at all well. I got  
some tracks and books and went out  
and did a little work. I sold them  
2.50 and gave away all my tracks

then came in. I didn't feel like going out in the afternoon but put in my time studying the paper. In the evening I took a little walk out in the cool air for "recreation". Ed came in and went to bed.

June 29<sup>th</sup> 1911, Got up about 7:30 clock. I didn't feel very well so I didn't go to work. Elder Larson was coming down to visit so we wanted to meet him. He came at 9:30 and stayed until 5:15. During his stay here we walked out a little, and had dinner. I told him what my condition was like and received a satisfactory reply from him. In the evening Elder Hill and I went to a theatre. Came home and went to bed. I had a bad pain in my stomach and spent a very poor night.

June 30<sup>th</sup>, Got up about 7:30 and had a big breakfast. I went out and did a little hawking before noon. I expected Elder Larson & Rainier to take my place while I went down to the doctor. He came at 3:15 but

missed the place where we were staying  
and I was unable to go back on that  
train. I spent the evening with them  
then at 9:30 I left for Portland. Arrived  
in Portland at 11 P.M. I got on the  
wrong car and went up Hawthorne  
ave to 16<sup>th</sup> and had to walk all the  
way back to the house. I got there about  
1:30. Went in and went to bed with-  
out anyone knowing I had come.

July 1st 12:11 Had a light  
breakfast at 6:30 then went to  
the office. I went to Dr. Rockwell's  
for treatment but he wasn't home  
so I had to come back to my room.  
I took a good nap for two hours  
and felt better again. In the evening all  
the club went to 5th & Wash. Col. John  
Gardner & Co for beer. The others  
wanted me to keep some wine then go  
on to Riverside but I refused and it  
made them rather angry. We had a  
very good meeting, the main point very  
good attention, but the one exception  
a fellow had to break up the meeting  
but was quiet. End of man then.

pointed on the way and was going  
to stretch him but was stopped by  
others standing there. After the meeting  
we met <sup>some</sup> ~~some~~ and went to a <sup>house</sup> ~~house~~  
but it was so packed we couldn't see  
so we started for another where we got  
a better better accommodation. We  
also went into "Hampden" and had  
a "Out Sunday" & on off on. It was  
then 11 P.M. so we thought it best  
to come home which we did.

July 2nd P.M. First-ling, I  
had my breakfast at 8 o'clock.  
my wife. I attended Eider's class  
sunday school & meeting. I met  
some of my friends and enjoyed myself  
with the saints. Eider preached & I  
went to Rev. Nibbel's for dinner. We  
had a very last time here. We  
back to the house and to in the night.  
In the evening we held Congress. There  
was a very good crowd and everyone  
enjoyed & sang themselves. After meeting  
Eider & his wife and I went to the home  
of one of the saints and administered to a  
sick man. Had a lunch in town then  
came home and went to bed.

July 3<sup>rd</sup> 1911. Got up about 1.30  
had a pretty good breakfast at  
Sister Palmer's. I went over to Mr  
Brockwell's to take my treatment  
for my affected side. The way he rubs  
and gives me Electrical charges was  
nothing slow. I came back to Sister  
Palmer's and stayed all afternoon  
had a massage for a few hours in  
evening. Went to a meeting  
at 7.30. The bunch was to meet  
at 8.00 on 3<sup>rd</sup> & Wash. I parked right  
by the E. bus and never saw them  
I missed the meeting they were holding  
so I went to a Theatre. Came home  
about 10 o'clock.

July 10<sup>th</sup>. Got up about 7 A.M.  
Ate a hurried breakfast at Sister  
Palmer's and hurried off downtown to  
meet a crowd that was going for a  
picnic. I had to go to the E. bus, but  
the rest for a short time. We went up  
the river 'Whelanville' about three miles  
found a shady place and stopped.  
Games were played by all. I didn't join  
in much of them on account of my

side. Willie Hollingsworth came  
up the river in his canoe to where we  
were and I piled in with him. We  
gave several of them a ride then he  
started down the river for home. I was  
in the front of canoe and got all the  
water that splashed over board of the thing.  
We got to the boat house at 1 P.M. and  
in a rough conversation that I went  
direct to Palmer's then back to find  
Ester. I could not find him  
so I went to supper then came back  
and went to bed.

July 5<sup>th</sup>, 1811. Was tired out from  
the previous day just as I laid in  
bed until 8 o'clock. I had breakfast at  
Palmer's then went over to my own place  
with Bro. Alread. Elder Parsons  
came over and gave me a jacking up  
for my neglectful. After he had  
finished I went over to the W. and  
took my treatment. Came back to my  
own home and did some studying. I  
had a good talk with Mrs. Small my  
landlady. I went to Sister Palmer's  
for a little while then came back

home. Had supper at the Monte Carlo  
I met with E. & the family & Alread  
for short - meeting at 11.30. E. & Alread  
was sick, as E. & Alread & I went  
to Burnside and held a meeting.  
There were a few Devils on the board  
who tried to break up the meeting.  
but after a good talking down they  
kept quiet. At one time I was  
beginning to shake off fear of  
satanism but some of the Devils  
left and I felt alone. I was so dry  
I couldn't hardly talk after meeting  
at I beat it straight off a confectonary  
when I quenched my thirst. Some  
more at 10 o'clock and went to bed. The  
weather was extremely warm as I  
didn't go to sleep very soon.

July 6, 1911, At about 2.00  
a.m. the fire department near by was  
called out and that awakened me. E. &  
Alread got up to see where the fire was  
it happened to be near so we dressed  
ourselves and went to see it. The day  
before I took my laundry to be washed  
and the laundry where my clothes were

was burned. Nearly every thing in  
the place was burned. I had \$10.00  
worth of shirts and when go up in  
the smoke. Came back to the room  
and went to bed. I got up about 8  
that morning. I had breakfast at  
the place where I was working and  
made arrangements to continue to have  
my mooning meal then. I loafed  
all forenoon away. At noon Elder  
Bourne came over to show me  
where he had his trapping and  
I ordered we started out. We only  
visited a few places together, then  
he went into a house and I came back  
to Palmer. He and I went to Sister  
Whit's for supper. Went to choir  
practice, had a little chat with the  
young people then came home.

July 7<sup>th</sup> 1871. Had breakfast  
with my landlady staided for  
a little while then went down  
town. I had my shirt fixed it was broken.  
Went to Rev. Crochwell's and took my  
sentiment. Came home to go to work  
but sat on the porch and talked until

It was to late to go out so I took a bath and read up a little for street-meeting. Elder Alread and I went to Chronis for supper and from there to the street.

There was a religious gathering on nearly every corner so we had to wait until some of them left. Elder Alread spoke first and I spoke last. We had a very meeting. Men just reached over the the shoulders of each others for our tracts. There was a policeman there who tried to break up our meeting but couldn't do it. The crowd was so interested. We had to get right-out for home or they would have lunched around us with questions until we wouldn't have got home at all.

July 8<sup>th</sup> 1911. Had my breakfast a light. Did some stutaying can work out and did some business. I went to the Office for some money but got it from Wad through a letter. They nearly shut me off because I was as cheap in debt. C. L. P. I then went down town and did a little shopping. Came back home and did some reading.

up for that - meeting. Elder Adams  
and I ate supper at the Home Cafe  
and went from there to street-meeting.  
Elder, Tillotson & Gardiner and  
myself went - & I <sup>1<sup>st</sup></sup> Washington at  
where we get intelligent people to talk  
to. We had about a good a crowd as  
could be expected and believe me  
we gave them some Mormonism. One  
fellow came up to me who was calm  
and fine looking - well dressed man  
and began complimenting me on my  
remarks and almost gave me the  
big-head. Came home feeling fine  
after the meeting but I did certainly  
hate to start.

July 9<sup>th</sup> 1881. As an unusual  
thing to do - amongst this mor-  
ning. Went to the Church and had  
attended the morning class for the miss  
convent. Went to S. S. Meeting  
commenced at 11.05; I thought I  
would have a speak but didn't. I  
was rather nervous in the comm-  
encement but after a while my nerves  
calmed down. Ate dinner with

'Sholly and Lydia' at Meves' Cafe.  
Miss Wintergard then went out on  
Linn St and Sholly and I  
went to his room and talked for  
a long time on things past. At night  
I came back to the Church, and  
with the rest of the Methodists,  
practiced some songs. I soon  
began to sing at Elder Perkins  
and Elder Reed's songs. I was  
laughing at him as he got  
angry and sing in the case with  
me. After I explained things  
to him he felt better. I talked in  
the evening meeting on "salvation  
for the blind." After our meeting we  
a number of us went to an "Opposition  
Camp. meeting". One would jump up  
and "praise God" for a while, then another  
would get up and "praise God" again.  
While the one was praising the others  
on the stand would sing, cry, laugh  
and talk in various and ungodly  
kinds of "hinders." It soon got tired so  
Elder Reed and I came home and  
went to bed.

July 10<sup>th</sup> 1871. Had my breakfast  
at Mrs Small's. I studied for  
a little while then went to Dr  
Duckworth's to take treatment. He was  
not home so I went to locate some  
members of the church and they  
were gone. In the evening I rode  
ahead and I went reading with  
the lady missionaries. We spent  
a very pleasant evening with the  
Christy family then came home  
11:30 P.M.

July 11<sup>th</sup> 1871. Had my  
morning meal at Mrs Small's  
as usual. Did some reading for  
a while. Elder Garrison came  
over and went down town with  
me. He gave me jacking up  
for being so slack. After my  
treatment with Dr. we ate a big  
plate of chicken and had a good  
talk on the Gospel. I was determined  
to leave the mission on account of  
health and money so I made  
several attempts to secure a job  
but failed. In the evening I went

to Katie's and had supper and spent the evening with them. Carrie back home talked a little while with the Smalls then went to bed.

July 12<sup>th</sup> 1911, Had my morning meal as usual. Went to Palmdale then down town. I knocked around town all morning went to a theater. In the afternoon I went to Dicki Westergaard but she was away from home so I went back down town and stayed until evening. Came home at 4 and waited for Eddie about had my supper with the Smalls some. In the evening I went calling for a little while then went to my little bed. Not like —

July 13<sup>th</sup> 1911. After breakfast I went to the Dr. for my treatment. I couldn't take the E. directly direct it had to come through him to me. After the show I went and had a talk with President Searious concerning my affairs. Things came to a head tonight. In the afternoon

I went to a funeral and was asked  
to be a pall-bearer. On the way to  
the cemetery I had a "row" with  
the cab. driver. After the dedication  
of the grave Elder Reed and I  
went to pay a visit - at a friend's  
home. Had supper then then came  
to choir practice. Mrs. Butler our  
friend came with us. Got a letter  
from C. Dr. Murphy from Hilo.  
After the practice was over Elder  
Reed and I accompanied Mrs.  
Butler home. At her home I said  
my hat on a seat on the porch  
and appeared not and not down  
or to some room, ate a lunch  
then went to bed.

July 14<sup>th</sup> 1911, I didn't feel  
well this morning and was very  
sick and stayed close to home  
during the day. I had my usual  
hair-cut and went to a Theatre.  
At 8.30 Elder Reed and I started  
for Mr. Rockwell's for supper. At  
his place we all (the 4 of us) had  
quite a talk on Church funds for

buildings. Had an excellent dinner at 5.30. Shortly after dinner we left for a brief meeting. Elders Allread and Teltow went to Brunswick while Elder Lewis and Gardiner and myself went to Madison and held a meeting. We had a good attentive crowd on occasion. After meeting we dropped into a picture show for a rest but it was so hot in there we nearly froze. Came home and went to bed about 10.00. Fire in our hall and I laid and worked all night.

July 10 - 1900. Fair a little better this morning had my breakfast then went to the doctor. Came home and wrote a good letter. In the afternoon I went to the office and had Bro. Ballard with up for money. Went down town and back. Took a shower and got ready for that meeting. On my

way to school: meeting I met some  
friends and talked with them so  
long I was late for meeting, but  
Elder Gardiner & Lillolsten held  
one anyway. After meeting I had  
my supper then came home. I  
went to bed and slept  
right. The weather was so warm  
I just laid on the bed, without  
any cover at all.

July 16<sup>th</sup> 1911. Got up at  
6.30 and cleaned up the meeting-  
house. Came to my room but the  
people at the house were up so I sat  
on the porch and read the paper un-  
till 8 o'clock. I then awoke them  
and went in and cleaned up. Had  
my breakfast then went back to the  
church. Attended E. School class A.S.  
and meeting. After service, Elder  
Gardiner and I went to Rev  
Brundage's for dinner. After dinner  
I read all the books I could. I  
described a church, etc and gave  
a list of 20 names. I got just  
covered in dust and green skin.

Had a good wash then started  
for church. On the way I saw  
Bancile and was going to have  
a chat of you so we took a taxi  
and for a while. It got dark  
a very late and till and I had  
a terrible time getting out of the  
After meeting I went to Elder  
Tillotson's apartment and stayed  
night with him.

July 17<sup>th</sup> 1900. Had my  
breakfast at the same restaurant  
at 10.30. I didn't get up until 2.30  
and it took an hour to get to bed.  
I went up to Dr. Northcott and got  
my mealmen. Came down to  
my own room and prepared  
around in the rear until 8 P.M.

then I started to sleep. I got a pain in  
Palmer and no farther. Sister Cramer  
wanted me to sleep with her & I  
"who was ill" while she went to bed.  
At 4 I came to my room and soon  
to the front and had supper. Attended  
Prof. Miller's lecture in the Church at  
night. Came home and went to  
bed.

July 1, 8<sup>th</sup> 1871. Five months  
to-day since my arrival in the  
mission. Had breakfast at  
Donald's. Stayed at room all  
forenoon wrote letters and did  
some sketching. At 1.30 for  
my dinner. Stopped out to track  
at 1.30 stopped in to P. almost for  
a while. I had some canisters  
I eat, here, ... be ... a few ...  
then went over to Mrs. Noble and  
stayed in until the afternoon. At  
6 P.M. I came back to the Canon  
to attend to another lecture of Prof  
Miller's. After the discourse was  
over Elder Alfred W. Peterson  
and I went out to the Lake and  
took it in pretty well. Met Lydia  
and two other girls out there. Came  
back home at 11.30.

July 1, 9<sup>th</sup> 1871. Got up  
about 7 A.M. and had my breakfast  
Went over to the ... and took some  
regular treatment. Came back to  
my room and did some studying  
and writing. At 1.30 I went

out traveling. I had very good  
success in my work. I met one  
man who didn't want anything  
to do with "Mormonism" but  
when he found out what it was  
he wanted more and asked me  
to come back and talk with his  
wife sometime. It was getting  
late so I left and went down  
town and had my supper. I  
waited at S. T. & W. for a short  
time then the other Elders came  
and we split up and held  
meetings in different places.  
After our successful meeting, we Elders  
Gardiner & Hunsions and myself  
stopped and talked to Elder Tello  
for a while then we came  
home and went to bed.

July 20<sup>th</sup>, 1911. After my  
morning meal I went to the  
office for some mail & money. I  
then went down town. I met  
Bro. Hunsions & Harry then had  
a talk with them. Home I sent  
to my mother and sister.

At noon I sent 3 packages and  
shipped them for a letter. I was out  
only 2 hours & I notify them of  
the death of some of their relatives  
in regard. I had a nice long  
talk with the members of the  
house. I was very much interested  
in the house. I had  
1 meeting. After breakfast I was  
straight away. I did a little  
stitching in the evening.

Jan 12. 20. After  
my breakfast I went to the Davis  
and took my treatment. I met  
sister & walking down town had a  
talk with her for a few minutes. I  
came home, standing for a while  
then passed my letter. In the  
afternoon I went to "holding" the  
out to the Westinghouse. Had supper  
there about 7 P.M. On account of  
a proposed trip to the Lake for the  
evening we had to have as soon as  
supper was over. Elder Christ  
and I went to the place of prayer  
for the rest of the evening.

in their appearance at all. Elder  
Adams got lost and went home but  
I went to the Park anyway in hope  
of finding them out there. They  
were not there so I walked around  
for an hour and came home.

July 24<sup>th</sup> 1891. Had my  
breakfast at 8 A.M. Went to  
Palmer's to get the other Elders  
to go to the Park. Played catch  
there for a little while. Walter  
left for the Park arriving there  
at 10 A.M. I put up a little  
around there on the gymnastic  
apparatuses for a while. at 12  
the spread came forth and every  
one partook of the same in a joyful  
way, and hearty condition. After dinner  
a ball game was played, Elders  
vs Branch men score 21 - 12, favor  
Branch. After the ball game we  
held a number of races and  
other sports. At 1.30 we took our  
departure. All were dusty and  
tired out. I got home at 2.30 and  
went straight to bed.

July 20<sup>th</sup> 1861. As an unusual thing I had breakfast this morning I went to the Church and attended Elder's class. It is a sensational affair. Elder Jackson & Elder Sessions and sister Woodbury cried & made the parting sorrowful. Pres Sessions was released to go home & Elder Gardner was succeeding him. After class I attended S.S. Pres Joseph & Smith and a company of associates & family were paying us a visit - so Sunday school & Meeting were made one. I went out to Noble's and had dinner. Came back to Church at 1 P.M. The visitors were there again for evening meeting and spoke & so I spoke to Pres Smith in Hawaiian a little. The Church was packed to the limit and the air was very warm. There were more than one hundred fans in the house and they were all going. After Church I talked a few moments with some of the Saints then came home.

July 24<sup>th</sup> 1911. After breakfast  
I went to the doctor. While I was  
there, Elders Sessions & Gardiner &  
Sister Woodbury came. Elder Allard  
was transferred to Idaho Conference  
so I had to hurry home to see  
him & help him get ready. In  
the afternoon I went out to Frank  
Kimball's at Lents. I talked with  
Mrs Kimball for a while then  
left for home. I met Frank at  
the car line and talked with him  
a little while. Came back into  
town, stopped at the Office to wait  
for Elder Allard. I met some  
of Bro Smith's daughters & sons  
and had quite a chat with them.  
At 5.00 we left for Sister Short's  
to have dinner. Sister Woodbury  
& Christenson were there also. Woodbury  
& I bought a box of Fig-nut-toms and sent  
them to Elder Whitford in Boise. Went to  
the Depot - saw Elders Sessions & Allard off  
for their new fields. We had a meeting on  
~~Boise~~ Burnside. Some folks tried to break it  
up but we called them down for fair. Came  
home, bought a pie for lunch & sent it to Dad.

July 25<sup>th</sup> 1911. After my breakfast I went to the lake and took an hour of punishment. I came back to my room and stayed the rest of the <sup>fore</sup> afternoon. Went over to Palmer and took a nap for an hour. In the afternoon I went out and did a little tracking. Along some old cows and sold a horse of Mormon. At night I went down town had my supper and went to a show before meeting time. Elder Tillotson and I went to hold a meeting to get. He couldn't get started right neither could I so our meeting was not very good. Came home with Elder Gardiner at 9.30 and went to bed.

July 26<sup>th</sup> 1911. Got up about 7 A.M. And went direct to Palmers to accompany Bro. Shepherd to the Depot. He had left so Elder Gardiner and I followed. Went on the West-side and had breakfast then came back on the East-side to the Mormon

Depot where we found Bro Shepherd.  
Waited there until 8.40 when  
his train left - then came home,  
I bought a shaving-brush and  
took a good shave. Went out  
and did a little tracking. Came  
in at noon and had a little  
snore. In the afternoon I had  
another trial at tracking. At  
8.30 I went to Sister White's  
and while there Elder Gardiner  
passed by the window so I hailed  
him, he came in and we both  
stayed for 5 o'clock dinner. At  
7 P.M. We left there to hold a  
street meeting. I went to Bousick  
with Elder Patten but could not  
find a meeting every corner  
was occupied either by a  
religious sect or some kind of  
Politicians. We waited there  
until nearly nine o'clock  
then went back to our gathering  
place and waited for the others.  
I stayed with Elder Gardiner  
at Palmer's that night.

July 27 <sup>th</sup> 1911. Stayed all night at Palmers and had my breakfast there in the morning. I went to my own room then to the Doctor's. After he finished with me I came home. Run all over the neighborhood to find some doughnuts for my dinner. After lunch I began to read but soon fell asleep and slept until 3 P.M. Got up and did a little more study. Then at 5 o'clock I went to Palmers and stayed the rest of the evening. I had supper there. Some of our church members came there and had a little talk with them. At 8 P.M. we all gathered in the Church and held Choir Practice. After Practice we all talked a while. We made a regular date with the Lord.

July 28 <sup>th</sup> 1911. Got up about 7 A.M. had breakfast at Palmers. I went over to Mr. Small's where I had been staying and got my baggage and thought to talk to

Palmer. I went out and did  
some tracting. Had a fine talk  
with an old gentleman who asked  
me to come back again. His  
wife got made for talking so  
long and hollered around a bit.  
At noon Elder Gardiner & I got  
our own dinner (or lunch) We  
washed up the dishes too to save  
a square. In the afternoon I  
went out again. Came in at  
4 P. M. and did some ~~ghosting~~  
At 7:30 I met the other Elders  
on 3<sup>rd</sup> & Washington, from there  
went to H. <sup>4th</sup> & Alder where we  
held a meeting. I was asked  
to flag the Posters - by, but could  
not get them to stop. Elder  
Gardiner was rather uneasy  
in flagging them. After meeting  
a man Walters from Grantville  
(Mormon) came up to us and  
made himself known. Elder  
Gardiner & I went to the House R.  
and had a dish of Ice Cream then  
came home & went to bed.

July 29<sup>th</sup> 1911, After my  
breakfast was over I went to  
Bro Crookwells for my usual  
treatment. Came back home  
and pressed up my clothes. At  
noon I went to sleep for a hour  
I went down to the barber-shop  
and took a bath, in the afternoon  
I got some cantaloupes and sister  
Palmer and I had a good lunch.  
De Witt & Elder Gardiner came  
along and helped us finish  
up our meal. At 5 o'clock Elder  
Gardiner and I went to Bro Hunkie  
to administer to Sister Hunter after  
we were finished then we went to  
Bro West for a visit with the  
Lady Missionaries and stayed for  
supper. At 8 P.M. we left to hold  
a meeting on the street. We held  
on 1<sup>st</sup> & Wash. Elder Tillotson  
talked first but couldn't get a  
very good crowd. I followed and  
got a very good crowd. A number of  
babies in attendance. After the meeting  
we came straight home & went  
to bed.

July 30<sup>th</sup> 1911. Got up about  
7 A.M. and had my breakfast.  
Cleaned up and went to Elders  
class. Helped dust out the Church  
before Sunday School. I attended  
Sunday School & Meeting. After the  
services were over, Bro. Nibley asked  
Elder Gardiner to <sup>take</sup> dinner with him.  
We rode with him to his home in  
his Auto and from there we went  
to the Commercial Club to eat. His  
Wife & a friend were along also.  
After dinner we went up to the Park  
in the machine and drove around  
town for a while then Elder Gardiner  
and I came home. The doors were all  
locked and no key to be found so  
went through the basement and up  
into the house. I read the paper  
through while Elder Gardiner  
wrote letters. At seven I went to  
some more services. Elder Patten  
bored us for 40 min. but Elder  
Gardiner edified very much in his time.  
Had a light lunch & a good  
laugh then went to bed.

July 3, <sup>th</sup> 1911. Got up about  
1 o'clock. Had my breakfast and  
did a little writing then went to  
the W. and took my treatment.  
Came back home and talked  
with Sisters Kimball & Palmer  
for a while. At noon Elder  
Gardner and I cooked our own  
dinner. We took advantage of the  
fire and heated up the stove and  
pressed our trousers. In the afternoon  
I did a little tracting then went  
out to Frank Kimball's. Had a long  
talk with Mrs Kimball on Religion.  
Had supper with her, sold her a Book  
of Mormon & a C. T. then came back  
to town, met the Elders and went to  
hold a street-meeting. We sang  
a song then I was asked to pray a  
crowd. I began and had a pretty  
good crowd in a few minutes. I  
didn't talk long but got a crowd  
for the others. After I finished there  
one came up to me and asked to shake  
hands with me. I made a date to meet  
and talk with a man, the next day  
then I came home.

August 1<sup>st</sup> 1911. Laid  
in bed till 9.30 A.M. Had  
breakfast at Palmers as usual.  
The night before I made a date  
to meet a man and talk on the  
principles of the Gospel. He came at  
10.30 and we began to talk. He was  
very reasonable and pleasing as well.  
When he went to leave I offered to sell  
him a book but he had no money -  
he had proposed to me to be a Dr.  
but a little hard run. He wanted  
to borrow \$2.00 from me on his cheque.  
I would not do that - but told him if  
he had some personal goods for  
security he could get it (\$2.00) from  
a loan shop. He would do that  
though. He began to cut his price  
till finally it got to fifty cents  
but I didn't come through so he  
went away wiser than he came.  
Elder Gardiner & I cooked our noon  
dinner while Palmer being away.  
from home. In the afternoon I  
went out and did a little trad-  
ing. Went out to visit Westgate.

and stayed for a hour or two then  
came back to town and a 7.30  
met the other Elders before our  
street-meeting. Elder Pattera and  
I went to ~~the~~ <sup>the</sup> Alder to hold on  
while the others went to Riverside.  
Elder Pattera couldn't sing and  
I wouldn't as there being a crowd  
gathered we just went up and  
began to talk to them. We had a  
very good meeting and gave away  
a number of tracts afterwards.  
After the meeting we reassembled  
the Elder Gardina & I came home

August 2<sup>nd</sup> 1911. got up  
about 7 and took a shower at 8  
I had my breakfast. Went  
over to the R.R. & took my treatment  
Came back home and did some  
studying. at 12.00 I had a  
good dinner at Palomero. I got  
some tracts after dinner & went  
out and did some tracting. Went  
into town at 4 and took in a shower  
before meeting time. Had a dinner  
at the House Restaurant. I got

a letter from W. A. Thompson with  
a five dollar Order in it. At  
2 P.M. Elders Patten & Stott  
and myself went down and  
held a meeting on the sidewalk. We  
didn't have much of a crowd  
at first. The Salvation Army  
was out full force and they  
were more attractive than us.  
I was the last to speak but  
I got a fairly good crowd any-  
way. There were some guys in  
the crowd who began to huff  
of some kind of rot but I called  
them down until they soon left.  
After the meeting I heard a man  
say (hey — I wouldn't dare  
talk that way to a bunch  
of men) and a lot of other jinks  
as well. I announced that I had  
some tracts to give away and the  
men in the crowd just reached  
over each other's shoulders to get them.  
Had another lunch after meeting  
then we came home. I wrote my  
journal & then took them walk  
to the bay.

Portland Aug 8<sup>th</sup> 1911.

Got up at 7 a.m. and did a little studying before breakfast. After breakfast we sang some songs and conversed on some of the principles of the Gospel for a time. At 9:00 we started out to tract but did not do much. Elder Stott (who had just come from the country) did not understand the city work so took it in hand to start him out. We got the lay of the streets and numbers on the house by noon then went back to the room. Had a lunch on sardines and snails. Wrote some letters. In the afternoon we went out to tract again but got into a conversation and didn't get any work done. Went to Banquet at 8 o'clock. Had a long talk with Sister Banule. The girls came home and cooked supper and we did eat thereof. Came back to Choir practice and then with me. Got a letter from Bro. Guggen. After Practice I did some writing, then off for dreams.

August 4<sup>th</sup> 1911. Before  
breakfast we sang some songs  
to keep in practice. At 8 o'clock  
we had our morning meal. I  
then went over to the H's and  
took my treatment. He asked  
me to stay the day and help him  
move to his office which I did.  
Had a very nice dinner with  
him. At 1.30 we went to his new  
office and laid a carpet. Came  
home at 4 P.M. Did a little  
studdying and took a snooze. There  
were some Pentecostal people  
came to consider buying the Church  
about 5.00. After I had shown them  
the Church and the house one of  
them started preaching to me. He  
told me that he had seen Jesus  
and had put his hand on his  
neck and that Jesus had ordained  
him to the ministry (Personally). At  
6.30 Elder Gardiner and I went down  
town to hold our street-meeting.  
We had a good fish supper at the  
House Restaurant. Elder Elliston

and I went to 16<sup>th</sup> & Alder & held  
a meeting. The Socialists came  
along and put the floor in us so  
we went to 1<sup>st</sup> & Madison. but  
there was no one there so we came  
back to Alder. I began to flag  
them a few at a time. I had  
had talked 10 minutes I had a  
crowd of 15 then I poured myself  
them another fifteen minutes.  
Edith Tillotson then began to talk  
but soon lost the crowd and they  
went down to about 15 or 20. Some  
Mormon stopped and listened & the  
crowd would have been an rally.  
After meeting I gave away 75 cards  
One fellow asked me how many  
wives Brigham Young had. I  
told the crowd and him as well that  
he had enough that he didn't have  
to bother other men's wives. Had a  
little talk with some Ogden people  
and a repentant sinner then  
we came home. Wrote my journal  
up for a day. Edith & the men  
were beginning to kick so I had  
to go to bed.

August 5<sup>th</sup> 1911. Held a  
sort of a class before breakfast.  
Went out and did a little re-  
tracting in the forenoon. I left  
a C.T. & B. & M. on my trail, at  
11.30 I went to the Office and  
five dollars for a P.O.O. I had  
I went down town and bought  
a pair of trousers. Took in a  
show. Came back to the room  
and did a little studying. I pressed  
my clothes shave and cleaned  
up in general for Sunday. At  
6.30 we went down town had our  
supper then went to hold a stud-  
-meeting. We split up to hold two  
but our regular corners were  
occupied either by Autos or preachers,  
or socialists so we were unable to hold  
but one down on Burnside. Elders  
Stott & Patlen and myself started  
for Burnside when we couldn't get in  
any place else but when we got there  
Elders Elloten & Gardner were there  
holding a meeting. We marched  
around town until 9 o'clock then  
we came home.

Aug 6<sup>th</sup> 1911, Fast Day. I went into the Church before class and did some cleaning. I met with the other Missionaries at 9 a.m. and held a nice meeting. At 11 I went into Sunday School. Had a very very nice school that morning. After playing I went to Ben Ferguson's and had dinner. Took a little exercise then came to Church. Mr. Overholl talked on the Illegal act in the Trial & Crucifixion of the Savior. After Meeting I talked a few minutes with Lydia Westergaard turned off the lights and went in my room for the night.

August 7<sup>th</sup> 1911. After my breakfast I went to the Office and got some literature & money. I then went to Nobbs for Elder's speech clothing. I had a fill up on cake while there. Came back to my room and began to pack up to go to Astoria. Made another trip to Nobbs for some more clothes. Had all the doughnuts I could eat that time.

I went back to my room and finished packing up. Went down town at 5.30. I went to a Cheater then to our meeting place on Third & Wash. Elder Tillotson & I went to the 4th & Alder. Bro. Benson happened along and helped us. Had a very good dinner. I talked with an old man who had been at Carthage and looked with the jailer there and seen the place where the Prophet & his Bros were murdered. We walked home that night for more exercise.

August 8<sup>th</sup> 1911. Got up at 6.30 and went to Sister Crothers to get my clean garments. Tired at one of the young men to get the North Bank Street but could not as I was home. I went to a supply store on Division and used the phone to find out when the train went to Astoria. I talked with Sister Hultgard a few minutes as well. Left Portland at 9.30 a.m. for Astoria and arrived there at 12.15 p.m. Elders Hill & Spates met me and called me to dinner then to their room. Next day I found a room but could not get one. at 7.30 we went down town

to try a street-meeting but couldn't hold one. Every corner was occupied by a stand of some sort. We went to a show then came home and all three piled into one bed.

Aug 9<sup>th</sup> 1911. Got up about 6.30. Helped to eat a loaf of bread for breakfast. Walked around town a little while. Went to the wharves and watched the mackereling on the tarpaulin-boats. After dinner E. Lee Hill and I went to meet a friend of mine Mrs Beveridge and her family stayed there a little while then came back to town. Came home about 4 and took a little snooze. At 5 we went down town to see about holding a street-meeting. Every corner in town was occupied so we had to give it up. We walked around town for a while then came home.

August 10<sup>th</sup> 1911. Got up about 7 o'clock. Held a short class then I went out to hunt a worm but couldn't find one. At noon we went to dinner and

had a talk with Mrs Dunbar. As it was the first day of the Centennial we watched the doings of the day instead of working. In the afternoon at about 4 we came to our room and stayed there until 6.30 or seven then we went back down town. At 8.15 we went to the dock to watch the fire-works. A fellow from Portland who had seen us on the street there came up and began talking to us. There were some girls with kids as big as lambs in front of us and this fellow kept saying something to one about them until the girls got pretty mad. They were willing to give us their place a time or two but - I threatened them and said I could see very nicely. The fire work were very nice, I was tired when they were finished so we came home and went to bed.

Aug 11<sup>th</sup> 1876. Got up about 7 a.m. Studied and wrote for an hour or two then went horse hunting. At 11 I did some tracing and sold a little work. A parade

was held in the afternoon as we were  
down town & it was the people of the  
town would be in some as we  
could trace. Went to a show in the  
evening and it was some better.  
About 10.00 we came home.

Aug 12<sup>th</sup> 1901. The first  
thing I did was to study a hour  
then Elder tried and I went some-  
where. All the people in the  
town had gone away. They wanted  
for 10 & 1 dollar per week for a room. I  
couldn't stand that. They all came off  
without securing one. In the afternoon  
I watched a parade of children & sailors  
20-30 in all. It was very fine with the  
exception of the horses and they were  
"penned in". After the Parade I came  
home "I can call it home" and wrote  
some letters. We went down town  
in the evening and took in the  
night. All kinds of gifts were made  
up in order to attract the money from the  
people. I took 25¢ worth of it and got a bag  
of gum. Dressed my neck at five weeks  
and then came home.

August 13<sup>th</sup> 1911. I was annoyed  
of being out late the night before we  
now got up until 9 o'clock. I went to  
the laundry the first thing I did as I  
could have a clean shirt to wear. We  
walked around town a long time then  
went to dinner. We intended to go  
to Seaside but as there was an excursion  
down there and thousands were going  
to a clam-lake. we decided not to go.  
After all the trains had pulled out, Elder  
Jates went home and Elder Hill and I  
went to town. I got a paper and went  
to the wharf and read for an hour. Elder  
Hill went off and never came back in  
the time appointed. I left for Seaside  
to where the centennial excursion was  
going and looked on a while then went  
home. In the evening we went down  
town again and had supper. After that  
we went to "Exposition Corner" and stay  
till meeting time. I took 40¢ worth of  
Pong-Pong and got a China plate. We all  
then went to a Baptist church.  
We were treated very nicely and invited  
back again. Came home and hid the key

August 1 or <sup>th</sup> 1911. Did a little  
studdying then then went to the P. O.  
I went room hunting but had no  
success. Came back to the room &  
wrote more letters. Elder West had  
found a room during his teaching  
in the forenoon so in the afternoon  
went and took a look at the room and  
promised to take it and pay for it, but  
we didn't have enough money to pay  
it and live until more money came.  
I wrote some more letters and took  
them to the P. O. I went to a show and  
then waited around until supper time.  
The other Elder didn't come at the  
regular time so I ate my supper  
alone. I was just finished when he came  
so I waited and ate with him. We walked  
around town a while and took in the sights  
at 8.33 a parade was held and of course  
we watched it. We got separated  
during the affair but I found them at  
their favorite spot: the cigar store.  
We walked around a little more, I  
bought a pen and when we came  
home.

Aug 15<sup>th</sup> 1911. Got up about  
2 AM. Studied until 10 then  
went out and tracked until 12. We  
were expecting to take Gardner on the  
12.40 train as we thought it left - we  
found, he didn't come. Went to the  
restaurant and had dinner. I came  
back to my room and did some  
more studying. Never went out to  
work that afternoon but went down  
town. I saw a crook who had tried to  
beat me out of some money in Holland  
so I followed him up and stopped a  
Policeman about him. Came back to  
my room for a while then went to  
Lodge. The British Consulate was  
holding a street meeting that night so  
I didn't make up his crowd. He  
had not stopped his meeting would have  
been fine. After he left we slipped out  
and held a meeting and had more  
success than the first. There were some men  
in the crowd terribly drunk who made  
a lot of noise but we managed to get  
through alright. Our next act was  
"heaven".

August 16<sup>th</sup> 1911. The first-  
thing was study an hour or two then  
I went trawling. I had very good  
success while out, I sold them small  
books and gave away a number of  
small books. We met the train again  
but Eddie Gardner didn't come from  
there we went to dinner. After dinner  
I went to the C. O. for meat, soon came  
We were nearly broke and when our  
chaps didn't come we were in a tight  
place. In the afternoon the other boys  
went trawling, but I stayed and packed  
my corns and did a little washing. I  
went to a lot about in the afternoon then  
came home and attended to my shoes.  
At 1 o'clock we went to supper. We had  
no money so we "ran our farm" for  
the meal. Walked around town for a  
while then went to the wharf to catch  
the five-o'clock. The other boys left it  
for home without me so I sat down  
and watched them a while. I had to  
give part of my place to the girl who  
wanted a seat. I stayed until it was  
about half through then came home.

August 17<sup>th</sup> 1911. I did  
come strolling the first thing then  
walked out - I tried to do 30 minutes  
trailing. Came back to the Hotel  
to meet Elder Gardner. He came  
and we went to dinner. After  
dinner we went to the Park. While  
looking at the Exhibits two  
Norman girls came up to us and  
made themselves known. Elder had  
had met them before. After a short  
visit in the Park we all went to  
town. We visited a cemetery and one  
or two other places of interest. Came back  
to town and the girls were nearly tired  
out. I took them to the Irving Hotel and  
got them a room. I know the Chas. F. Berwick  
which helped at home. I returned to the  
other Elders and we went to supper. After  
supper we walked around the town a while  
looking for a place to hold a meeting.  
We were unable to get the kind of a  
place we wanted so Chas. Gardner men-  
ioned we did. That we could do nothing there  
at 10 we went home and went to  
bed.

August 18<sup>th</sup> 1911. I got up a little earlier this morning and went to the Depot to see the boys. Eilers, Gardiner and Heats off for Lewis. We went to Hinton and did a little tracting. Took a walk away out of town and out there we met a man from Idaho who was visiting Victoria's tent. At noon we came back and had dinner. We went back there again in the afternoon and did some more tracting. sold a little stock. Came back to the room and wrote some letters. I went to supper at 5 P.M. Watched a parade after supper the rest of the home.

August 19<sup>th</sup> 1911. We decided to pay Douglas a visit so at 6.30 we got up and packed up. At 8.30 we pulled out and landed there at 10.30. Had dinner at John Long's. After dinner we went down to the plaining mill and watched it run. I took a snooze during the afternoon. Roland & Eilers invited us to supper with them, so, we took supper at another place that evening. After supper we went to

the store and stayed until the trains had passed then started for the house. On account of their houses being small we were taken to the neighbors and given a fine feather bed to sleep in. Had a little sick with the family on disease then we went of bed.

August 20<sup>th</sup> 1911. Got up about 7 o'clock and started for Inglis house. We met Bro Inglis on the way. He was coming to wake us up. Had a long talk with Brother Sababery who had just returned from a mission in England. Went to the house and had breakfast. Went to the store and sat around for awhile. Mr. Ecks fired of his Auto and took for a little spin. Had dinner then went to the new mill in the Auto. Had to walk a mile along a floom from where we left the machine and the mill. When we got back to the Auto we had a flat tire. We pumped her up and got home alright. It still held up so we started for another town near by on some bread. A little way out and it went flat again. We found the

the lead and put a patch on it, pumped it up and continued on. Had supper at Beclis. At 8.30 we went to the train, it was late so we had to wait - until 9.00. We came into Victoria at 10.50 P.M. and went to the Irving Hotel. When I asked for a room, a Clerk, ~~Ed~~ Coveridge, asked us up to his place, but we were dirty and had a lot of fixing up to do so we got a room at the hotel and stayed there.

August 21<sup>st</sup> 1911. Got up about 8.00 and took a general clean up. We walked around town for a while. At 12 we had dinner at the central Restaurant. Went to the Hotel, packed up our bags and at 2 P.M. left for the country. We, my companion and I walked from Victoria to Waseaton about 8 miles distance and every foot of the road was planks. The people we met were very indifferent so our success was poor. Got a room at the hotel, a loaf of bread and a can of salmon at the store for our supper, and put in the night there.

August 22<sup>nd</sup> 1911. I didn't  
get around in time for breakfast  
so I was obliged to take what I could  
get and that was a ham sandwich.  
We started for Seaside 12 miles away  
at 7.30 a.m. We traveled and sold  
look all along the way. The road was  
very bad, the sand in it was from  
1 to 5 inches deep. About 11 P.M. we  
got pretty hungry, so Elder Hill went  
to a house to buy a lunch, he was un-  
able to get a lunch but got a loaf  
of dry bread and we ate that and  
enjoyed it. Got into Gearhardt about  
6.15 and waited there for a train to  
Seaside at 7 o'clock. It took only 10 minutes  
to run to Seaside. We had no trouble  
finding a room at - \$1.50 per week.  
We were nearly broke and had to  
throw the fellow off until our cheques came  
which he was willing to do when he  
found out we were Mormons. Took  
a little clean up then went down  
to the beach. Had our supper at  
the Palace then came home and  
went to bed. Tired out.

August 23<sup>rd</sup> 1911. Made  
a stir to get out about 7.30. I shaved  
myself and cleaned up a little  
all around. My companion and I  
walked down to the beach for a little  
pass time. Met a man from Idaho  
we walked around with him and  
talked for 2 or 3 hours. At noon we ate  
dinner at the Popham Restaurant.  
He had just 70¢ and it took 65¢ of  
them for our meal. After dinner I  
went to the Depot and watched the train  
come and go on the train. I waited some  
time until the mail was distributed, got  
a letter from Elder Benson with a cheque  
in it. I had no trouble in cashing it, as  
soon as they saw the Church name they  
gave me the coin. My hair was about  
2 inches long as I went to a shop and  
got it trimmed up a bit. Went down  
to the beach and spent an hour or two  
then came back and had supper. We  
knocked around town a while the same  
time. During the night or early morning  
a cough in the joining room woke me up.  
They had a real row, and almost  
ended in a serious way.

August 24<sup>th</sup> 1911. Got up about 7:30. Sat around the room for a while. Wrote some letters then went to the P. O. with them. I did a bit of tracting, walked around town a while then went to dinner. Walked up and down the beach in the afternoon for an hour or two. Came back to the P. O. and got our mail. Wrote Miss Cowley a letter. We got a bag of doughnuts and a bag of candy and came home or at least to our room. We ate them both and talked a while on the gospel then went to bed.

August 25<sup>th</sup> 1911. Got up about 7:30, Studied until nine then went tracting. Tracted until 12 P.M. sold a little book. Went down to the beach and watched the bathers for a while. Had dinner at the O'Brien and a good one too. I went to bed in the afternoon and loaned my trousers to Elder Will so he could take his to a tailor and get them fixed. About 6 we went to supper but took it another restaurant. We had

oysters and that was all, they didn't  
give us any potatoes or anything, &  
didn't let us shake the dust of that  
place off our feet. We located Kimball's  
camp after we had looked for it for  
three days. Talked with Cream for a  
while then left. I went to a Trustee  
while Edwin still came to the room.  
at 8 O'clock I came in. I wrote up my  
afternoon, made my report to J. H. H.  
and have a challenging then went  
to bed.

August 26<sup>th</sup> 1911. Studied  
for a few hours then went tracking.  
I had very good success. Gave away  
41 tracks and sold 3 small books. Had  
dinner at the Ophidian Cafe. Went  
down to the beach and sat around on  
the sand for an hour. Most of my time  
was occupied in watching women who  
had taken off the foot apparel and were  
wading in the water. Some, one of them  
had her skirts up as high as she could  
possibly get them. It beat anything  
I ever seen among the white people  
I came back to my room, read a

Lachona through. I got some books and started out to work but didn't do anything. I met Will Douglas and his wife and talked with them for a while then came back to my room. Had a shave and a bit of a clean up. Sat in the room and read for a long time. Elder Hill came in at 5.30 with bag of doughnuts which we soon devoured. At 7.30 I went down town and got another bag of them and came back. We soon did away with them. The oil in our lamp had all burned out so we were compelled to go to bed early.

August 29<sup>th</sup> 1911. On account of 8. day being Sunday and not being able to get to Sunday School, I laid in bed until 8.00. I studied for a few hours then went down town and got my dinner. Went down to the beach and watched the bathers a while. Got a Journal and came back to my room and put in the afternoon reading it. At 8 o'clock

we went down town to get a lunch. Couldn't get what we wanted at the bakery so we went to a restaurant and got a rotten meal, 33¢ each. Came back to the room, read a little while then retired for the night.

August 28<sup>th</sup> 1911. Got up at 1 P.M. studied until 8 then I went to the P. O. I got a letter from Alf with \$20.00 in it. I went out and did a few house tractings. Had some good talks on the Gospel. Had dinner at the Orpheum. Came to my room and wrote a letter. Went down town and got a present for myself and a big one and sent it to Alf. We got 2 doz doughnuts and took them to our room for supper. I studied for an hour or two then went to bed.

August 29<sup>th</sup> 1911. Made preparations to leave Seaside. I got my breakfast at the Orpheum. Took the train at 11.05 for Warrenton 12 miles away. Went from Warrenton

to Hammond by train 4 miles away. Elder Hill and I reached Hammond then walked back to Warrenton and took a train to Astoria. We left our bags at Dunbar's Restaurant and went out to find a room. Our success was very poor rooms were scarce so we went to the Irving Hotel and paid a dollar for a room. Had a good supper at Dunbar's, then went to our room. I took a bath at the Hotel Bath then went to bed.

August 30<sup>th</sup> 1911. Got up at 7 o'clock. Had a shave then went room hunting again. Walked around town until 1.30 P.M. then we went trail. Came in from work at 4. Sat in the room until 5.30 then went to dinner. Walked around town for a while and took in the doings. with the hotel man then went  
to my room and went to bed.

September 4<sup>th</sup> 1911. Got up  
and had my breakfast by 8.30  
at eight o'clock began tracting. At 11  
I was all finished and ready

to go to Portland. There was a gang of  
lump meeters at the station on their way  
home, and when I gave the agent "whom  
we knew," he said, he hoped we were in  
one way connected with that bunch.  
I assured him that we were not. We  
went to Palmer's and stayed all afternoon.  
In the evening we went to town and had  
supper. Went to the Office for my  
mail, no letters but Mattie's pictures.  
Elder Hall and I ran nearly all the  
way home, about 2 1/2 blocks. The rain  
was pouring down might hard. Spent  
the whole evening at the house reading  
and talking, sang some songs then  
retired.

Sept-5<sup>th</sup> 1911. Had breakfast  
at Palmer's. Went to the Office for some  
money. Had a good talk with Rev.

other fellows to Burnside. I played

turned in as quiet as possible.  
The best bed I had been in for years.

A.M. I studied until 7.30

tracting. Went to my room and  
took a good bath then did some  
more studying for an hour or  
two. At 2 P.M. I went out to do some

more tracting. I sold a woman a book but after she had kept it a few minutes she came to me to take it back. Which I did. Went to town to hold a meeting I administered to Bro Palmer. While we were eating supper it began to rain so we went to a show instead of holding a meeting. At 9.30 we got to our room. I did a little studying then went to bed.

Sept 9<sup>th</sup> 1911. I studied from 7 till 9 then went to breakfast. Couldn't get anyone to wait on us as there was no one in, it being a sort of home Restaurant. Elder Hill went to visit a family but I waited and got my breakfast then went to work. Came in at noon and cleaned up. At 2 P. M. I went to town. At 4.30 we went to supper. After supper I met Bro Hansen and walked around with him for a while. I met Sister Christensen and Lydia Weaberg and talked with them a while then went to a show until meeting time at 7.00 I was on the ground but

the rest weren't. They had come and gone so I had to find them, and finally ended up on Burnside. After some of the other Boys had talked a while I had my little speech then dismissed. I waited for Ben Stolt to have a bath and that was 11.30. I went to Palmas but had to go back to Monterilla on account of Elder King having gone out. I was carried to far on one of the cars so it was 11.30 before I got home.

September 10, 1911. Got up about 3.30 A.M. On account of getting my laundry mixed up I had to hurry back to headquarters my dress there before 9 o'clock. I attended Elder Class and enjoyed the remarks that were made. Just before Sunday School to which I was surprised by having one of my Hawaiian friends from Honolulu come in "Helen Nethy". I was early surprised to see her too. After Sunday school to which I received a note for a invitation from Lou Baurek to eat lunch at their house. I accepted it.

on condition that I didn't have to  
go with Miss Nelly so son asked me to  
bring Miss Nelly with me. After 6.0.  
I put in a hour introducing my friend  
then we went to dinner. Everyone on  
all sides were staring at us and  
especially Helen. Spent a very enjoyable  
afternoon at Baerle's and at 6.50 started  
for Church. I was afraid I would have  
to preach, but Bro Ballard was there,

went to the Dispensary. I met Mr. & Mrs.  
Horne from Ogden. Mrs Horne was singing  
in the Church. Will. Red Eshes and I  
went to a Cafe and had a fine  
supper at his expense. At 11.15 I took  
my car for home arriving there at 12.4.11.  
The door was locked so I called E. Eden Hill  
and made him open the door. I was very  
tired so I hid the letters gently & for a while.

Sept 12<sup>th</sup> 1911. On account of  
being out so late the night before I was  
slow to get up this morning. I put in an  
hour studying then went back to work. Had  
some fun G. C. during my morning's  
work. Didn't work in the afternoon. We got to  
talking upon some of the Seventh Day Ad-  
ventist principles and decided to go to Dr. Rockwell  
to settle the affair. A social was to be  
held that evening so we got ready for  
that and went to town at 4.30. I brought an  
umbrella, had lunch at the Capital  
Hotel & went to the Cornucopia Hotel to accompany  
Helen Volty, Kawakani to the party.

We were almost the first ones there  
we had a Hawaiian song book and a  
Ukulele with us to assist in making  
the time. Sang and played some  
Hawaiian songs to the great interest  
of those there. Had an enjoyable time  
the whole evening. At 11.30 we "broke  
up camp" walked to the car line with  
some of the girls then went home. I had  
to go with Helen to the bank as I had to  
hurry to catch the last car to Montclair.  
We ran around town hunting a car to  
catch a car and walked until 12.00. I  
got home and it had about 2.00.

Sept 13<sup>th</sup> 1911. Was natur-  
tured this morning so I didn't get  
up very early. I put in a short time  
studying then I went tracing. I  
had dinner at 11.30 and came home  
tired & sleepy but my eyes would not  
hold out so I went to sleep. I went  
out in the afternoon and did some more  
tracing, had very good success. At six  
1.30 we went to town, had supper at the

on account of rain. Had a scrub meal  
at a restaurant then came back to my

her parlor and asked us in where it was  
warm, to study. We talked so much

then went into Church. I was  
expecting a call to talk but did  
not get it. One of the Elders who had  
talked two Sundays before, was asked  
who would be the best to call so  
he chose himself and his companions  
to do it and left Elder Hill and I  
who were supposed to have talked  
out of it. All or near all were disagree  
with his Patter's remarks. Had a  
little talk after Church then Elder  
Hill <sup>went</sup> home and returned to our  
meeting place.

duds and went down town. Paid a  
visit to the Hawaiian friends. Had  
supper at the Peabody. B. Went to a show  
after supper. Held a meeting on 7<sup>th</sup>  
& Wash. One fellow came up to me when  
I was talking and started to say some  
thing about the Mormons. The way I  
ruled it into his was nothing at all.  
He soon took his departure. After the meet-  
ing, Bro. Shoulter took us to a Confectionary

of my talk and that made me  
mad. Got a S. L. Tutor and read  
the article about the Kimpfe papers.  
After we got home Elder Hill  
landed on me and gave me a  
sharp criticizing. We had a  
little row and that ended it.  
wrote journal read a little while  
then retired.

ference at 10<sup>a.m.</sup> and let out at  
2 P. M. Had a very nice time  
and enjoyed the spirit of the  
Lord abundantly. I broke my  
glasses so I took them to be fixed.  
At breakfast dinner at a Cafeteria. After  
the meal was over I went to two  
shows. At 7 o'clock all the Mission-  
aries in Puyon gathered at 10<sup>th</sup> & Wash.  
19 in all. We sang two or three songs  
on five different corners. Some of them  
were alright but others were junk. Had

on the Church in general. After meeting  
Elder Tullotson and I went for an  
Auto-ride with Bros. Schulters. My  
companion and his stayed together  
and we stayed at my room. After

in an air-ship. Had a light lunch at  
a Cafeteria. Went to the Majestic Theatre.

business agreement with him. At 5.30

I went to Palmers. Had a little cheer  
the fat with them for a while then  
went to a party given Sirshi Woodbury  
before leaving for new field. Yokane  
spent most of the time talking to visiting  
friends. Left for home at 11.30. Got in  
bed at 1.15.

Sept 26<sup>th</sup> 1911. On account  
of being out so late the two nights  
before we never got up very early  
9.45 A.M. Went right out and back  
until 12. At 2.30 we went into town  
Had lunch at the Capitania. Walked  
around town a while. Went to a show  
at 1 o'clock all city & school must stay  
matings. I went to one place, couldn't  
hold there so I went to another place  
Had two vocalizations, that's all they  
do even so we got started the spectators  
came and tried to run us off. While  
our first speaker was out they sang  
higher and faster and got a full  
good crowd. I determined to hold  
out against them. I soon got their  
crowd and they began to sing again.  
They sang 5 or 6 songs and then

couldn't get a crowd as they quit. I had a little conversation after the meeting then we all left. Had a meal at the house then went home. Had no matches so we had to get in bed without a light.

Sept. 25<sup>th</sup> 1911. The first thing on the programme was a shave. then I studied until 9.30. Had a ham sandwich & a glass of milk for my breakfast. little home. I took a little nap  
after noon's work. Did a little work  
had a talk with Mrs. Huston then  
cleaned up to go down town. At 4 P.M.  
Elder Hill and I went to Bes Olaus's  
for dinner. Met some young girls  
there and had a nice talk of the  
gospel with them. At supper then  
went right off to choir practice.  
We ran across some Marynors but  
couldn't get much out of them. They  
we poor saints. Had the general old  
men after choir practice then went  
home.

Sept 29<sup>th</sup> 1911. Had break-  
fast at Mrs. Huston's. Made a fire  
& heat some water to have a bath.  
I did some studying after my  
bath then got ready to go down town.  
Went to the P.O. and got a Register  
letter from mother. I went up  
to Mr. Crookwell's office and  
wrote a letter home. I went to  
a theatre which I was waiting  
for. Went to meeting time. Had  
supper at the Capt. H. Nelson Hotel

and Lydia Wellagard came down  
to listen to our meeting or our preaching  
rather. Had a good crowd, and spoke  
on the principles of the Gospel for some  
time. After our meeting, a man by  
the name of Goddard spoke from the  
Anti-Mormon side. He surely went  
after us. He told more lies in the few  
minutes he talked than I ever heard  
in all my life. After he finished  
one of our Elders (a sore head) stepped  
out with onto my preaching (because I  
had charge of the Meeting) and tore down  
this other man's character and made  
a jack-ass of himself. Another of our  
Men stepped out and gave a very fine  
talk on the matter which had good effect  
then another fellow landed on us and  
landed back. we had a regular debate  
for 2 hours then I left. Some were  
chewing the fat when I went back  
then at 11 o'clock. Patten made an  
apology for what he said about this  
man. My companion sprawled all  
over me, or some other man's word  
and was sure I had called some one  
a liar. Had a mix up for fair.

Sept 30<sup>th</sup> 1911. The first  
thing I realized this morning  
was a call from the Landlady  
for breakfast at 8.30. We tumbled  
right out and went in and  
had a hair cut and shave during  
the forenoon. I put in a short-  
time studying. At 1 o'clock I  
went to Robb's. Met Eldon Tillotson  
there. I had a good big lunch  
with Sister Robb. A lady friend  
of her's came in at 2 and  
we began to talk one thing and  
another until we got on religion.  
After about 2 hours on the Gospel I  
had her ready for Baptism. She  
was willing but I wasn't - until she  
was sure of what she was doing.  
That night I tried to hold a meeting  
but every corner was monopolized  
as we had to listen. I saw one  
preacher so filled with Devils  
that all his companions were un-  
able to do anything to help him.  
They all had to restrain. Had supper  
at the house then beat it for home.
